

## UV Resistant Ready Mixed Car Paint Moistureproof Harmless White Color

Our Product Introduction

### Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Meklon
- Certification: ISO,SGS,MSDS
- Model Number: NH909P
- Minimum Order Quantity: 200cartoon
- Price: USD3.06/L-10.5/L
- Packaging Details: 1L\*12,4\*4,20L,200L
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 500000L/month

### Product Specification

- Material: Acrylic Resin
- Usage: Car Paint, Plastic Coating
- Application Method: Spray
- State: Liquid Coating
- Brand: Honda
- Shelf Life: 3 Years
- Port: Hong Kong, Huangpu, Shekou, Nansha
- HS Code: 320890
- High Light: Honda Ready Mixed Car Paint
- Coverage: Various Coverage
- Product: Ready Mixed Paint
- Highlight: **UV Resistant Ready Mixed Car Paint, matt automotive paint, single stage pearl paint**

## Product Description

### Meklon GAC Honda Greenland White NH909P Color Matching System Car Paint

GAC Honda Greenland White NH909P color finished paint is a versatile and modern option for car buyers who want a clean and sophisticated look for their vehicles. The bright white color with a slight blueish-green undertone creates a refreshing and elegant appearance that complements many different styles and settings. It is also durable and easy to maintain, with resistance to chips, scratches, and fading, making it a practical choice for those who want a color that will look great for years to come. Additionally, it is eco-friendly as it uses water-based paint technology, reducing the amount of VOCs released into the atmosphere during the painting process. Overall, GAC Honda Greenland White NH909P color finished paint is an excellent choice for car buyers who want a modern, refreshing, and practical color option for their vehicle.

GAC Honda Greenland White NH909P finished paint is a highly sought-after option for car buyers looking for a modern and versatile color choice. The color's bright white hue with a subtle blueish-green undertone creates a refreshing and sophisticated look that complements a wide range of styles and settings. GAC Honda Greenland White NH909P finished paint is also highly durable and easy to maintain, with exceptional resistance to chips, scratches, and fading. This makes it a practical choice for car owners who want a color that will retain its shine and look great for years to come. Furthermore, the use of water-based paint technology in the production process makes it an eco-friendly option that is safer for the environment, with a reduced amount of VOCs released into the atmosphere. The color's modern and sophisticated appearance also makes it a popular choice among car buyers who want to retain the resale value of their vehicle. Overall, GAC Honda Greenland White NH909P finished paint is a versatile, durable, and stylish color option that is highly attractive to both car manufacturers and buyers alike.

#### Meklon GAC Honda Greenland White NH909P has many advantages, including:

1. Smooth and delicate texture: The paint has a smooth and delicate texture, which makes the surface of the car look smooth and luxurious.
2. Bright and luxurious appearance: The paint has a bright and luxurious appearance, which makes the car look more attractive.
3. Resistant to scratches and abrasion: The paint is resistant to scratches and abrasion, which can keep the car looking new for a long time.
4. Long-lasting shine: The paint has a long-lasting shine, which can make the car look new for a long time.

GAC Honda Greenland White NH909P color finished paint is an exceptional option for car buyers seeking a modern and versatile color choice. The color's bright white hue with a subtle blueish-green undertone creates a refreshing and sophisticated look that complements a wide range of styles and settings, making it highly versatile. Additionally, GAC Honda Greenland White NH909P color finished paint is highly durable and easy to maintain, with excellent resistance to chips, scratches, and fading. This feature makes it a practical choice for car owners who want a color that will retain its shine and look great for years to come. Another advantage of GAC Honda Greenland White NH909P color finished paint is its use of water-based paint technology in the production process, making it an eco-friendly option that is safer for the environment with a reduced amount of VOCs released into the atmosphere. This feature is particularly important for car buyers who prioritize sustainability. Finally, GAC Honda Greenland White NH909P color finished paint is a popular choice for those who want a color that will hold its value. Its modern and sophisticated appearance ensures that it is less likely to go out of fashion, making it a practical choice for those who want to retain the resale value of their vehicle. Overall, GAC Honda Greenland White NH909P color finished paint is a highly versatile, durable, eco-friendly, and stylish color option that is highly attractive to both car manufacturers and buyers alike.
