## Product Description

### Meklon Dongfeng Nissan QAB White Pearl Auto Ready Mixed Paint for 2020 Models

#### Manufacturer Introduction:

Meklon is a Chinese automotive paint manufacturer. I have been focusing on the automotive coatings industry for 20 years. The factory area is about 3,000 square meters. Our products include 1K, 2K primers, topcoats. Thinners, hardeners, varnishes, varnishes, putties, etc. A full range of products.

The most significant feature of us compared to other companies is that we have our own set of finished paints. We have a variety of car models, various colors, and we have our own system. You can mix according to the color matching ratio of our system. Our finished paints are all developed by professional engineers. After countless tests, spray test panels, the color is restored 1:1.

**product features:**

Pearl luster: Dongfeng Ribai Pearl's finished car paint is made of a variety of pearl powders and pigments, so it has a very obvious pearl luster, which can reflect beautiful light in the sun.

White base tone: The base tone of Dongfeng Ribai Pearl's finished car paint is white, but it is not pure white, it has some subtle gray and silver tones to make it look more beautiful.

Color change: due to the special nature of pearl luster, the finished car paint of Dongfeng Ribai Pearl will show different color changes under different light, for example, it will appear brighter white in the sun, but it will appear brighter white in cloudy days or at dusk. More gray and silver tones will appear.

High-end feeling: The pearl luster and white tone of the finished car paint of Dongfeng Ribai Pearl make it look very high-end, and can bring a more refined and elegant appearance to the vehicle.
