Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Meklon
- Certification: ISO,SGS,MSDS
- Model Number: 1222
- Minimum Order Quantity: 100 L
- Price: 3.26USD-5USD
- Packaging Details: 1L/4L/10L/20L
- Delivery Time: 7-30days
- Payment Terms: T/T
- Supply Ability: 50000L/month

Product Specification

- Model NO.: 1222
- Color: Yellow,White
- Transport Package: 100PCS In A Carton
- Specification: 180mm
- Trademark: Meklon
- Origin: Guangdong China
- Production Capacity: 50000 Piece/Pieces Per Day
- Highlight: **Yellow Wool Pad For Car Polishing,
White Wool Pad For Car Polishing,
Multipurpose Car Cleaning Supplies**

Product Description

High Quality Car Care Products Auto Polishing Single Side Wool Pad

Product Description

Automatic polishing single sided wool pad is a professional polishing tool widely used in surface repair and polishing work of mechanical equipment such as automobiles, ships, and airplanes. It is usually made of high-quality natural wool and has characteristics such as softness, wear resistance, and good water absorption.

When using an automatic polishing single sided wool pad for polishing, it first needs to be installed on the polishing machine. The polishing machine rotates the pad to make contact with the polished surface. Then, drop an appropriate amount of polishing solution onto the pad, and then start the polishing machine to move the pad back and forth on the surface to achieve the polishing effect.

The main advantages of automatic polishing single sided wool pads are their softness and water absorption, which enable them to better adapt to complex surfaces and angles during surface repair and polishing processes. At the same time, they can effectively absorb and disperse polishing fluid, reducing surface watermarks and stains. In addition, the automatic polishing single sided wool pad also has a certain degree of wear resistance, which can maintain a good working state for a long time.

In summary, the automatic polishing single sided wool pad is a very practical surface repair and polishing tool that can help users quickly and efficiently complete various surface repair and polishing tasks.

Automatic polishing single sided wool pad is a high-quality and efficient surface repair and polishing tool with the following market selling points:

High quality material: The automatic polishing single sided wool pad is made of natural wool, which has the characteristics of softness, good water absorption, and wear resistance. This not only ensures efficient surface repair and polishing effects, but also maintains a good working condition after long-term use.

High efficiency: The automatic polishing single sided wool pad can quickly and evenly disperse the polishing solution onto the surface, and achieve efficient surface repair and polishing through rotary motion. This not only improves work efficiency, but also reduces homework time and costs.

Wide application range: Automatic polishing single sided wool pad is suitable for surface repair and polishing work of various mechanical equipment, including automobiles, ships, airplanes, etc. This makes it an essential tool for the mechanical equipment repair and maintenance industry.

Easy to use: The automatic polishing single sided wool pad is very simple to install and operate, even inexperienced users can easily get started. At the same time, its use can also reduce the risks and errors of manual operations, ensuring the quality of work.

Environmental protection: Automatic polishing of single sided wool pads can reduce the amount of chemical liquids used, reduce paint waste and environmental pollution, and meet the environmental requirements of modern enterprises.

Product Description

Products Description

Product Name	Car Wool Polishing Pad
Material	Wool
Type	Single side
Size	6 Inch / 7 Inch / other size please contact us
Color	White
Application	Car Bodies Polishing
Features	Remove finishing abrasive sand scratches and other paint surface defects.
Usage	1.Family Private Polishing, Cutting And Buffing With Compounds, Polishes And Glazes; 2.Works With Compounds And Adapters For Fast.
Package	100PCS/Carton,With Plastic Bag In Carton.
Carton Size	6 Inch:40*50*60 cm ; 7 Inch:50*50*75 cm
G.W.	6 Inch: 20KG/Carton ; 7 Inch: 23KG/Carton
