Product Description

Silver Diamond Hardener Enhance Durability Long life

Silver Diamond Hardener Features

Fast curing: Silver Diamond Hardener has the characteristics of fast curing, which can completely cure the car varnish in a short time and improve work efficiency.

Wear resistance: The curing agent has excellent wear resistance, which can effectively protect the car surface from scratches and abrasions.

Weather resistance: The curing agent is specially formulated to have excellent weather resistance and can resist the erosion of various natural factors such as sunlight, rain, and acid rain.

Easy application: Silver Diamond Hardener is easy to apply and can be mixed with Silver Diamond Clear Coat for better results.

Silver Diamond Hardener is a high-quality automotive curing agent that can be used in conjunction with Silver Diamond Clear Coat to improve the curing effect of automotive varnishes, while protecting the car surface from scratches and abrasions, improving the aesthetics and durability of the car surface.

Our advantage

Meklon car paint manufacturer is a car paint manufacturer that pays great attention to product quality and after-sales service. Our company has its own R&D team, including R&D engineers, who have developed high-quality car paint products, such as Silver Diamond Clear Coat, according to the standards. Our company produces 6 different brands of car paint, which are CarCharm, poshiche, feriiia, Meishilianke, Meiguanda and Meklon, each brand has its own unique packaging and characteristics, but the product quality is very good.
