

MSDS Stable Car Detailing Supplies , Practical Automotive Paint Mixing Lid

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Meklon
- Certification: ISO,SGS,MSDS
- Model Number: 1223
- Minimum Order Quantity: 100 L
- Price: 3.26USD-5USD
- Packaging Details: 1L/4L/10L/20L
- Delivery Time: 7-30days
- Payment Terms: T/T
- Supply Ability: 50000L/month

Product Specification

- Mixer Type: Static Mixers
- Working: Agitator
- Stirring Type: Spiral
- Application: Liquid
- Trademark: Meklon
- Certification: ISO
- Application Area: Chemical
- Highlight: **MSDS Car Detailing Supplies,
Stable Car Detailing Supplies,
Practical Automotive Paint Mixing Lid**

Product Description

High Quality Professional Mixing Lid Good Price Mixing System 1L Mixer

Product Description

The professional mixing cover high-quality mixing system 1L mixer is a high-quality mixer commonly used for sample mixing and stirring in laboratories and industrial production. It is made of high-quality materials and has characteristics such as corrosion resistance, wear resistance, and high temperature resistance, ensuring long-term stable working conditions.

The mixing cover of the 1L mixer adopts a special sealing design, which can effectively prevent sample leakage and pollution, and also prevent sample splashing. The stirring system of the stirrer adopts efficient magnetic stirring technology, which can quickly mix and stir liquids without touching the sample, avoiding the risk of contamination and corrosion of the sample.

The professional mixing cover high-quality mixing system 1L mixer also has the following characteristics:

Multiple speed options: The mixer can choose different speeds according to needs to meet different mixing needs.

Easy to operate: The operation of the mixer is very simple, just put the sample into the container, select the speed, and start the mixer.

Safe and reliable: The mixer has a sturdy structure and stable operating state, which can ensure a safe and reliable mixing process.

Widely applicable: The mixer is suitable for mixing and stirring samples in various laboratory and industrial production fields, such as drug manufacturing, cosmetics production, food processing, etc.

Basic Info.

Model NO.	1223
Layout Type	Verticle
Mixing Drum Shape	Circular Groove
Additional Capabilities	Coating
Operating type	Continuous Operating
Condition	New
Color	Grey+Black
MOQ	50 Cartons(1000PCS)
Size	20cm*20cm
Weight	265g
Transport Package	20PCS in a Carton
Specification	1L
Origin	Guangdong China
HS Code	320890
Production Capacity	100000PCS Per Month

The professional mixing cover high-quality mixing system 1L mixer has the following selling points:

High quality materials: The mixer is made of high-quality materials, which have characteristics such as corrosion resistance, wear resistance, and high temperature resistance, ensuring long-term stable working conditions.

Efficient stirring: The mixer adopts efficient magnetic stirring technology, which can quickly mix and stir liquids without touching the sample, avoiding the risk of contamination and corrosion of the sample.

Multiple speed options: The mixer can choose different speeds according to needs to meet different mixing needs, and can adapt to the mixing requirements of different samples, making it more convenient and practical.

Easy to operate: The operation of the mixer is very simple, just put the sample into the container, select the speed, and start the mixer. It is very suitable for sample mixing and stirring in laboratory and industrial production.

Safe and reliable: The mixer has a sturdy structure and stable operating state, ensuring a safe and reliable mixing process, making it very suitable for sample

mixing and stirring in various laboratories and industrial production.

Widely applicable: The mixer is suitable for mixing and stirring samples in various laboratories and industrial production such as drug manufacturing, cosmetics production, food processing, etc. It has a wide range of application prospects and market demand.

Color	Grey+Black
Weight	1L:265g 4L:420g
Size	1L:20cm*20cm 4L:27cm*27cm
Application	Car Paint
Package	1L:20pcs in a carton 4L:10pcs in a carton
MOQ	50 cartons
