

UV Proof Crystal Car Paint Hardener Anti Oxidation Practical

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: F-12X
- Minimum Order Quantity: 200L
- Price: 4.64USD/L-6.92USD/L
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Brand: Faralli
- Code: F-12X
- Name: Crystal Hardener
- Net Weight: 0.95KG
- Application: Car Paint
- Color: Transparent
- Drying Time: Fast/Standard/Slow
- Form: Liquid
- Packaging: Can
- Shelf Life: 1-3 Years
- Highlight: automotive paint hardener, car paint hardener, Practical Car Crystal Hardener

Product Description

Crystal Hardener Durable Easy to Use Boost Your Paint Durability

F-12X Crystal Hardener description:

F-12X Crystal Hardener is a high quality hardener with a variety of features and properties making it one of the first choices of automotive paint manufacturers. 12X Crystal Hardener is a powerful, easy-to-use, widely applicable hardener with medium quality and reasonable price, so it is very popular in many countries.

Product Name:	F-12X Crystal Hardener	Net Weight	0.95KG/3.6KG/4.6KG
Fast Drying Thinner	Fast drying thinner with very fast evaporation speed, suitable for spot repair or application below 15°C.	Specifications	1LX12/4LX4/5LX4
Standard drying thinner	Standard drying thinner, with medium evaporation speed, suitable for spot repair or application at 15-30°C.	Shelf Life	2 years in original sealed can, cool and dry place at 20°C.
Slow drying thinner	Slow drying thinner, with slow evaporation speed, suitable for spot repair or overall refinish, application above 30°C	Sand ability and Polish ability	wet sanding sand paper if need polish
Note	If the temperature or humidity are too high, 10-30% Retarder Solvent can be added	Technical Parameter	Mixing Ratio: paint : Hardener = 2 : 1 Coverage: 3-3.5sqm/kg

Drying Time			
Temperature	Dust Free	Dry to Handle	Thorough Dry
20°C	30 minutes	10 hours	1 day
60°C	15 minutes	1 hours	1 hour

Features and performance:

Fast curing: F-12X Crystal Hardener can quickly cure automotive paint, shortening production time and increasing production efficiency.

Durability: Since F-12X Crystal Hardener is made with high-quality ingredients, it can enhance the durability and scratch resistance of your car paint, making your car paint more durable.

EASY TO USE: F-12X Crystal Hardener is very easy to use, just follow the instructions in the instruction manual.

Wide Applicability: F-12X Crystal Hardener is suitable for many different types of car paint, including single coat and double coat, etc.

Medium quality: The quality of F-12X Crystal Hardener is at the medium level, the price is relatively low, and the cost performance is high, which is favored by many customers.

Instructions:

1. Ratio of paint and curing agent: add according to 2:1 or 15% to 20%, and diluent can be added.
2. Add curing agent before construction, stir evenly, mix and use in proportion, and use up within the specified time.
3. Pay attention to the humidity, more than 80% is not suitable for construction, and repeated dust removal is required.
