

Stable Nontoxic Automotive Paint Thinner , Weatherproof Lacquer Thinner For Cars

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: L-604
- Minimum Order Quantity: 200L
- Price: 1.64USD/L-2.47USD/L
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Features: Fast Drying, High Quality
- Brand: Meklon
- Code: L-604
- Name: Super Slow Drying Thinner
- Color: Transparent
- Origin: China
- Highlight: car thinners, Automotive Paint Thinner, Thinner For Cars

Product Description

Super Slow Drying Thinner Good Thinning Effect Safety Environmental Protection

product description

F-604 Super Slow Drying Thinner is a high quality thinner for use in markets where quality is critical. The following are the characteristics and performance of the F-604 Super Slow Drying Thinner:

Good thinning effect: F-604 Super Slow Drying Thinner can effectively thin the paint, making it easier to apply, while maintaining the performance and quality of the paint.

Slow drying: F-604 Super Slow Drying Thinner can slow down the drying speed of the paint, make the sprayed surface smoother, and avoid problems such as spots or bubbles on the paint surface.

Safety and environmental protection: F-604 Super Slow Drying Thinner is excellent in safety and environmental protection, with no irritating smell, no harmful substances, and harmless to human body and environment.

Very good quality: F-604 Super Slow Drying Thinner is a high-quality product with better dilution effect and higher performance, which can meet the needs of the market with higher quality requirements.

Moderate price: Compared with other high-quality thinners, the price of F-604 Super Slow Drying Thinner is moderate. Although it is relatively high compared to F-603, its quality is very good and the price is relatively high.

F-604 Super Slow Drying Thinner is a thinner with wide application range, good dilution effect, slow drying, safety and environmental protection, and very good quality. Its high quality and excellent performance can meet the market demand with high quality requirements, and at the same time, the price is relatively moderate and the cost performance is high. Excellent performance in terms of safety and environmental protection, non-irritating smell, is a diluent of the highest quality.

Irem	Data
Appearance-Viscosity-Odour-pH	Viscous Liquid, Transparent, Coloured. Solvent Odour
Melting or Freezing Point	
Boiling Point	56°C-166°C
Vapour Pressure (mm Hg @ 25°C)	Not known
Vapour Density (Air=1)	Not known
Solubility in Water (g/L @20°C)	Not known
Percent Volatile (by weight)	80-90 by volume
Specific Gravity (Water=1)	0.9
Evaporation Rate (Butyl Acetate=1)	Greater than 1
