Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: P-228
- Minimum Order Quantity: 200L
- Price: 4.77USD/L-5.39USD/L
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Brand: PORSHICHE
- Name: Dark Yellow
- Net Weigh: 1.2KG
- Specification: 1Lx12
- Coating Type: Acrylic
- Color: Yellow
- Number Of Coats: 2
- Sheen: High
- UV Resistant: Yes
- VOC Level: Low
- Highlight: top coat automotive paint,
Car Paint Top Coat Fade Resistant,
Weatherproof Dark Yellow Car Paint

Product Description

Meklon P-228 Dark Yellow Car Paint High Gloss High Quality

Color Features:

Dark yellow color paint is a deep yellow color paint with high saturation and gloss. It brings a warm, bright and vibrant appearance to the car body and is a very attractive color paint.

performance:

Dark yellow color paint has the following main properties:

Sun protection: Dark yellow color paint has strong anti-ultraviolet ability, which can effectively protect the color of the car body from fading.

Abrasion resistance: Dark yellow color paint has strong abrasion resistance and can resist the scuffs and scratches of daily use.

Good adhesion: Dark yellow color paint can be firmly attached to the surface of the car body and not easy to fall off.

Good filling: Dark yellow color paint can fill tiny depressions and defects on the surface of the car body.

effect:

The main function of Dark yellow color paint is to provide aesthetic effect and protection for the car body. It can create a warm, bright and vibrant appearance, while also protecting the body surface from the external environment, such as ultraviolet rays, oxidation, corrosion and chemicals.

Instructions:

The use of Dark yellow color paint is as follows:

Clean the surface of the car body to ensure that the surface is free of impurities such as oil and dust.

Use sandpaper or a sander to smooth the surface of the body.

Use a spray gun or roller to apply the Dark yellow color paint to the body surface.

After waiting for the Dark yellow color paint to dry, the construction of the previous layer of paint can be carried out.

Storage conditions:

Dark yellow color paint needs to pay attention to the following points when storing:

It should be stored in a dry, ventilated and cool place, away from fire and high temperature environment.

Long-term storage should be avoided, and it is generally recommended to use it within 1 year.

The opened paint should be sealed and stored to prevent air from entering and affecting the quality.

Dark yellow color paint is a dark yellow car coating material with high saturation and gloss, which has good performance and characteristics, and can bring a warm, bright and vibrant appearance effect and protective effect to the car body. When using and storing, you need to pay attention to the relevant points to ensure the quality and effect of the paint.
