

Advanced Raw Materials Auto Paint High Application HS 1K Crystal Red Car Paint

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Ferrari series
- Certification: ISO,SGS,MSDS
- Model Number: X-02
- Minimum Order Quantity: 100 L
- Price: 3.26USD-5USD
- Packaging Details: 0.5L/1L/4L/10L/20L/200L
- Delivery Time: 7-30days
- Payment Terms: T/T
- Supply Ability: 50000L/month

Product Specification

- Main Raw Materials: Acrylic Resin,Polyurethane Resin
- Feature: High Leveling,high Glossy,high Fullness,good Covering,high Adhesion
- Color: Transparent,transparent With Light Yellow
- Substrate: 1k Base Coat
- Shelf Time: 2 Years,at 20
- Component Style: Bi-component
- High Light: Anti Scratch Auto Base Paint, Oil Based Auto Base Paint, Acrylic Car Primer High Adhesion
- Highlight: **1K Crystal Red Car Paint, Advanced Raw Materials Car Paint**

Product Description

Advanced Raw Materials Auto Paint High Application HS 1K Crystal Red Car Paint

Product Description

Crystal red pearl coating is a high-end automotive coating with unique performance and characteristics. Firstly, the crystal red pearl coating has a pearl luster, which is a mixture of various pigments and special pearl powder, which can create a three-dimensional and layered feeling on the surface of the car body. In addition, crystal red pearl paint has the characteristics of bright colors and high color saturation, which can attract people's attention and add bright colors to vehicles.

The crystal red pearl coating also has good weather resistance and can resist the erosion of harsh environments such as ultraviolet radiation, oxidation, and acid rain, maintaining a long-lasting aesthetic effect. During the construction process, crystal red pearl coating is easy to apply and can be completed in a short time, improving work efficiency. In addition, the surface of the crystal red pearl coating is smooth and delicate, with a comfortable feel, which can enhance the grade and taste of the vehicle.

The crystal red pearl coating also has good scratch resistance, which can effectively prevent scratches and wear on the surface of the car body and maintain its aesthetics. At the same time, the color of the crystal red pearl paint will change with the changes in angle and light, making the surface of the vehicle appear in various colors, which is very eye-catching.

Overall, crystal red pearl coating is a high-end automotive coating with various outstanding characteristics, including pearl luster, bright color, good weather resistance, easy construction, comfortable texture, and scratch resistance. It can enhance the appearance and quality of vehicles and is a very popular coating in the field of automotive beauty and decoration.

Substrates	Well-Sanded, Completely dried and good existing finishes as bellow: A original paint B. Old paint firm C. 1K or 2k primer
