Product Description

Ultra Coarse Silver Car Paint With High Gloss - Hot Selling In The Factory

Model No:P-410	Name:Extra coarse silver
Method:Spray	Certification:MSDS
Brand:PROSHICHE	Usage:Appliance Paint, Boat Paint, Car Paint

Product Characteristics And Properties

Unique color: The color of the extra thick silver car paint is very unique, usually presenting a silver gray color tone, but containing more metal particles and pearlescent particles, giving the entire car paint surface a brighter luster.

Strong durability: The ultra coarse silver color car paint is made of high-quality materials, which has strong durability and can withstand the impact of daily use factors such as scratches, wear, and ultraviolet radiation.

Wide applicability: Extra coarse silver color car paint is suitable for various vehicle models and body components, including cars, trucks, motorcycles, trailers, etc. It can be applied to various materials such as metal, plastic, glass, etc.

Easy to repair: If the extra thick silver color car paint is accidentally damaged by scratches or collisions, it can be repaired by spraying or local repair. The repaired effect is similar to the original paint surface quality.

In summary, the ultra coarse silver color automotive paint has unique color, strong durability, wide applicability, and easy repair, making it widely used in the field of automotive manufacturing and maintenance.
