Product Description

White Pearl Car Paint High Gloss Variety Of Colors Luxury With 1K Coat

P-302 White Pearl Color Features:

different from the traditional pure white paint. Under the irradiation of sunlight or light, it will show a rich luster and sparkle effect, making the appearance of the car more dazzling and charming.

High gloss: White pearl car paint has high gloss, which makes the appearance of the whole car brighter. It reflects light and makes the surface of the car body look smoother and more delicate.

Variety of colors: Although it is called white pearl car paint, it is not pure white. It usually has subtle color variations, possibly with some hints of gold, pink, blue or green on top of the white base. These subtle color variations can be seen in different angles and lighting, adding depth and visual interest to the car's paintwork.

High quality and luxury: White Pearl car paint is usually used on luxury models or high-end vehicles because it gives a high quality and luxurious feeling. It can enhance the exterior texture of the vehicle and add a unique premium atmosphere to the car.

Mixing ratio:

2K Tinters	Hardener	Thinner(volume ratio)
2	1	0.2-0.5
