Meklon BMW Estor Blue is a bright and vibrant blue, usually a rich blue hue with some depth and luster. This color brings a sporty and stylish look to the vehicle, making it stand out on the road.

Meklon BMW B45 Estor Blue has excellent appearance performance and durability. It usually uses high-quality paint formulations and advanced manufacturing processes to ensure the quality and durability of the paint surface. It effectively resists minor scuffs, scratches, and chemical attack from daily use, keeping your vehicle's finish looking nice and protected.

Meklon BMW brand has been committed to environmental protection and sustainable development in terms of car painting. Although the specific degree of environmental protection may vary depending on the paint formulation and manufacturing process, Meklon BMW generally uses paint materials that meet environmental standards and strives to reduce adverse impacts on the environment. This may include reducing the use of hazardous substances, controlling wastewater and air emissions, and taking other environmental measures.
