Choose Meklon 1K Ultramarine Blue Product Features for the following reasons:

Q:1 Do you have color software formulas for mixing car paint?

A: Yes, we provide color software formulas for mixing car paint. Our formulas are available in both CD format and online, allowing for convenient access and ease of use during the paint mixing process.

Q:2 Do you provide samples? Is it free or at an additional cost?

A: Depending on the specific circumstances, we do offer samples of our car paint. In many cases, we provide free samples to our customers, allowing them to evaluate the quality and suitability of our paint products before making a purchase.

Q:3 Can you produce paint with the customer's brand?

A: Yes, we are capable of manufacturing paint products under the customer's brand through our OEM (Original Equipment Manufacturer) services. We understand the importance of brand identity and can accommodate customized branding requirements.

Q:4 What kind of certificates do you have?

A: We hold various certifications to ensure the quality and compliance of our products. Some of the certificates we possess include SGS (Société Générale de Surveillance) certification, ISO 9001:2008 for quality management, ISO 14001:2004 for environmental management, ISO/TS 16949 for automotive industry quality management, as well as MSDS (Material Safety Data Sheet) and TDS (Technical Data Sheet) documents.

Q:5 Can you offer free advertising materials?

A: Yes, we provide complimentary advertising materials to support our customers' promotion and marketing efforts. These materials may include color charts, posters, mixing rulers, T-shirts, catalogs, tin openers, and more. We believe in supporting our customers' success by providing them with comprehensive marketing resources.

Q:6 How long is your delivery time after the deposit is paid?

A: Our typical delivery time after receiving the deposit is approximately 15-20 days. However, the exact duration may vary depending on the total quantity of the order. We strive to fulfill orders in a timely manner while ensuring the highest standards of quality.

Q:7 Can you create customized colors?

A: Yes, we have the capability to produce customized colors based on the specific preferences of our customers. To ensure accurate color matching, we may require the color sample provided by the buyer. Alternatively, customers can provide a reference picture, allowing us to create a color formulation that closely matches their requirements.

This refined description highlights the company's offerings, services, and commitment to quality, providing a comprehensive understanding of their capabilities and customer-oriented approach.
