Shelf Life	2 years in original sealer in cool and dry place at 20°C
Packaging (per carton)	1L*12can, 4L*4can
Product advantages	Extra fast drying and high quality finishing. Good color covering power and leveling. Varied color cover full range with high color saturation.
Instructions	Spray
Brand Name	Meklon

The front green undertones of our 1K Green add depth and vibrancy to any surface it adorns. It brings a refreshing and natural feel, making it an ideal choice for those seeking an eye-catching and harmonious color.

Additionally, our Green showcases side blue tones that add a touch of contrast and intrigue to its overall appearance. This combination of green and blue creates a dynamic and visually appealing result, making your project stand out.

The front bright aspect of our 1K Green brings an element of liveliness and freshness. It enhances the overall vibrancy of the color, ensuring a captivating and impactful finish.

Furthermore, our Green exhibits side dark tones, adding depth and richness to its character. These dark undertones create a sense of sophistication and elegance, making it a versatile option for a range of applications.

Experience the optimized beauty of our 1K Green, where blue phase green, front green, side blue, front bright, and side dark harmoniously combine to create a truly captivating and visually striking color. Elevate your projects with this deeply optimized shade that is sure to leave a lasting impression.

Choose Meklon Product Features for the following reasons:

High-Quality Formulation: Meklon automotive paint products are formulated with high-quality materials, ensuring excellent performance and long-lasting durability. The products undergo rigorous testing and quality control measures to ensure consistent results and customer satisfaction.

Superior Color Matching: Meklon automotive paint products are known for their exceptional color matching capabilities. Whether you need to touch up a small area or repaint an entire vehicle, Meklon paints provide accurate and precise color matching, seamlessly blending with the existing paintwork.

Wide Range of Colors: Meklon offers a diverse range of colors, enabling customers to find the perfect shade for their automotive projects. From classic colors to trendy and unique options, Meklon provides an extensive color palette to suit different preferences and styles.

Excellent Coverage and Adhesion: Meklon automotive paint products offer excellent coverage and adhesion properties. They adhere well to various surfaces, including metal, plastic, and fiberglass, ensuring a smooth and even application. The paints provide reliable coverage, reducing the need for multiple coats and saving time and effort.

UV Resistance and Weather Protection: Meklon automotive paint products are designed to withstand harsh environmental conditions. They offer UV resistance, protecting the paint from fading or discoloration caused by prolonged sun exposure. Additionally, the paints provide a protective barrier against weather elements, ensuring long-lasting color retention and overall vehicle protection.

User-Friendly Application: Meklon automotive paint products are designed for ease of use. They can be applied using standard painting techniques, making them suitable for professional painters and DIY enthusiasts alike. The paints have a smooth consistency, allowing for effortless application and achieving professional-looking results.

Reliable and Reputable Brand: Meklon is a well-established brand in the automotive paint industry, known for its reliability and quality. Their products are trusted by professionals and enthusiasts alike for their consistent performance and excellent results.
