

## Moistureproof Auto Base Coat Anti UV , Practical Acrylic Automotive Paint

Our Product Introduction

### Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Ferrari series
- Certification: ISO,SGS,MSDS
- Model Number: F-142
- Minimum Order Quantity: 100 L
- Price: 3.26USD-5USD
- Packaging Details: 0.5L/1L/4L/10L/20L/200L
- Delivery Time: 7-30days
- Payment Terms: T/T
- Supply Ability: 50000L/month

### Product Specification

- Main Raw Materials: Acrylic Resin,Polyurethane Resin
- Feature: High Leveling,high Glossy,high Fullness,good Covering,high Adhesion
- Certification: Pigment
- Substrate: 1k Base Coat
- Coating Type: Acrylic
- Mildew Resistant: Yes
- Transport Package: In Standard Export Cartons
- Dry Film Thickness: 1.5-2.0 Mills
- Coating Material: Acrylic
- Color: 1K Scarlet
- Highlight: original car paint, Auto Base Coat Anti UV, auto clear coat paint

## Product Description

### Chinese Factory Good Performance 1K Basecoat Auto Paint Pintura Car Paint

#### Product Introduction

1K Scarlet Red, a remarkable car paint color that showcases a stunning combination of purple on the front and brownish red on the side panels. This unique color scheme creates a visually striking and dynamic appearance that is sure to turn heads on the road.

With its deep purple hue on the front, the 1K Scarlet Red adds an air of sophistication and allure to your vehicle. This rich and vibrant shade reflects light beautifully, emphasizing the contours and curves of your car's front end, enhancing its overall aesthetic appeal.

Moving to the side panels, the 1K Scarlet Red transitions into a captivating brownish red tone, adding warmth and depth to the color palette. This earthy and refined shade complements the purple front, creating a harmonious and balanced contrast that exudes elegance and style.

The 1K Scarlet Red is specifically formulated for automotive use, ensuring exceptional color accuracy and durability. Its high-quality pigments and advanced paint technology provide excellent coverage and a flawless finish. This car paint color is designed to withstand the rigors of the road, maintaining its vibrant and rich appearance for an extended period.

Choose the 1K Scarlet Red to elevate the visual impact of your vehicle. Its distinctive combination of purple and brownish red lends a touch of luxury and sophistication. With its emphasis on both color and durability, this automotive paint color is an ideal choice for those seeking a unique and eye-catching finish that stands the test of time.

In summary, the 1K Scarlet Red is a captivating car paint color that embraces the beauty of purple on the front and brownish red on the side panels. Its rich and vibrant shades, specifically formulated for automotive use, highlight the contours of your vehicle and add a touch of elegance. With its exceptional color accuracy and durability, the 1K Scarlet Red is the perfect choice for car enthusiasts looking to make a bold and stylish statement on the road.

#### Specification:

Product name	1K BASE COAT 1K Scarlet
Mixing ratio	1: 1-1.2 100 parts 1K Base coat 100-120 parts Thinner
Spray coats	Spray 2-3 layers, the flash-off time is 5 to 8 mins.
Dry Time	15 min(20°C)
Shelf Life	2 years in original sealer in cool and dry place at 20°C
Packaging (per carton)	1L*12can, 4L*4can
Product advantages	Extra fast drying and high quality finishing. Good color covering power and leveling. Varied color cover full range with high color saturation.
Instructions	Spray
Brand Name	Meklon

#### Application method

spray gun	Gravity gun	Suction gun
	gun nozzle: 1.2mm, gun pressure: 2.0-3.0 MPa	gun nozzle: 1.5mm, gun pressure: 2.0-3.0 Mpa
substrate	dry 1K primer surface with smooth effect	
Paint preparation	1K Mud Yellowpaint-thinner-EX10/EX20/EX30	
mix ratio	1 : 1 (base paint : thinner)	
spraying layers	2-3 coats	
flash off time	3-5 mins , 20-25	
surface dry time	15-20mins	
Time to Polish	1h, P1000 sanded paper	
Relationship between drying temperature and time of 1K base coat		
Tenmperture	Surface Drying time	Time to Polish
25	10-15 mins	1 hour
35	5-10 mins	40 mins
60	3-5 mins	15 mins

Meklon-Coat Basecoat is a highly versatile automotive paint basecoat engineered for effortless mixing and application. Its exceptional coverage ensures flawless results and optimal color match, making it ideal for replicating OEM solid, metallic, and pearl color effects.

For enhanced durability and longevity, it is recommended to combine Meklon-Coat Basecoat with Meklon-Coat clearcoat. This powerful duo forms a robust and long-lasting protective layer that can withstand various environmental conditions.

Prior to applying the basecoat, meticulous surface preparation is crucial. Thoroughly sanding and cleaning the existing or original paintwork creates a smooth and uniform canvas. Applying primer-surfacer or surfacer, whether sanded and cleaned or left unsanded in a wet-on-wet process, promotes impeccable adhesion and a flawless final appearance.

When addressing repair areas, precise sanding with P500-P600 grit (by machine) or P800-P1000 grit (by hand) is essential to achieve the desired smoothness. Thoroughly cleaning the repaired sections is imperative to remove any contaminants or debris that could compromise the end result.

Meklon-Coat Basecoat boasts an array of impressive features that enhance its performance. It forms a robust paint film with exceptional leveling properties, facilitating easy application. The basecoat exhibits superior adhesion, ensuring a strong bond with the surface, while its outstanding resistance to outdoor elements provides enduring protection. Its extended anti-oxidation time further enhances durability and longevity. Compatible with a wide range of plain colors, metallic effects, and pearl effects, Meklon-Coat Basecoat offers limitless creative possibilities for customization. Its exceptional inter-layer adhesion ensures a flawlessly smooth and professional finish.

In summary, Meklon-Coat Basecoat is a versatile automotive paint basecoat with unmatched coverage and precise color matching capabilities. When combined with Meklon-Coat clearcoat, it delivers enhanced durability. By following meticulous surface preparation, this basecoat offers outstanding features, including a resilient paint film, easy application, strong adhesion, exceptional weather resistance, and compatibility with various color effects. Choose Meklon-Coat Basecoat for a high-quality and long-lasting automotive paint solution.
