## Product Description

### Refinish Car Paint For BMW A85 Neptune Blue With Wet Spray Technology

**Company Profile:** Meklon is a manufacturer dedicated to the auto paint field with its office in Guangzhou, China. The factory is located in Shaoguan, covering an area of about 3,000 square meters, providing ample space and advanced facilities for the production of automotive paint.

**Production Advantages:** Meklon's factory has advanced production equipment and a complete production chain, ensuring strict control of every link from raw materials to car paint products, ensuring the stability and reliability of product quality. About 300 experienced employees work diligently and skillfully in their respective positions, providing a solid manpower guarantee for efficient production.

**R&D Strength:** The factory is equipped with a professional team of engineers. With rich experience and professional knowledge, the engineers are committed to developing automotive paint products with excellent quality and performance, and constantly exploring and innovating. Our R&D results are remarkable, and the color matching of the finished paint is as high as 98%, which can accurately meet the color needs of various types of cars.

**Featured Highlights:** Meklon has engineers who have been deeply involved in the world's top automotive paint professional field for 30 years. They not only bring superb technology, but also provide valuable experience and unique perspectives for our product development. At the same time, we are equipped with mixed formula software, and professionals will explain in detail so that customers can better understand and use our products. In addition, the perfect after-sales service system allows customers to have no worries. Whether it is questions during the use of the product or the subsequent maintenance needs, we can respond in time and provide effective solutions.

**Warehouse:** We have a 500 square meter warehouse with excellent safety hazards. Employees will regularly inspect the warehouse to ensure the safe storage of inventory products and meet customer needs at any time. In addition, Meklon provides OEM services. You can send us the brand design drawings you need to customize, give us a letter of authorization, and we will customize the brand you want for you, or we have professional designers. You can tell us your ideas and needs, and we will let the designer customize it for you.

Choosing Meklon's automotive paint is choosing quality, innovation and professionalism. We will continue to be committed to providing high-quality paint products for the automotive industry and work with customers to create a better future.
