Product Description

Meklon BMW C31 Portimao Blue Auto Refinish Finished Paint supplier

Company Profile:

Meklon, located in Guangzhou, China, is a manufacturer with an excellent reputation in the field of automotive paint. We have a large factory covering an area of about 3,000 square meters, which provides ample space and advanced facilities for the production of automotive paint.

R&D Strength:

The factory is equipped with a professional team of engineers. With rich experience and expertise, they continue to explore and innovate, and are committed to developing automotive paint products with excellent quality and excellent performance. Our R&D results are remarkable, and the color matching degree of finished paint is as high as 98%, which can accurately meet the color needs of various types of cars.

Production Advantages:

Advanced production equipment and a complete production chain ensure that every link from raw materials to finished products is strictly controlled to ensure the stability and reliability of product quality. About 300 experienced employees work diligently and skillfully in their respective positions, providing a solid manpower guarantee for efficient production.

Highlights:

Meklon has engineers who have been working in the world's top automotive paint field for 30 years. They not only bring superb technology, but also provide valuable experience and unique perspectives for our product research and development. At the same time, we are equipped with mixing formula software and have professionals to explain in detail so that customers can better understand and use our products. In addition, the perfect after-sales service system allows customers to have no worries. Whether it is questions during the use of the product or the subsequent maintenance needs, we can respond in time and provide effective solutions.

In addition, Meklon provides customized services. You can send us the brand design drawings you need to customize, give us a letter of authorization, and we will customize the brand you want for you, or we have professional designers. You can tell us your ideas and needs, and we will let the designer customize it for you.

Choosing Meklon's automotive paint is choosing quality, innovation and professionalism. We will continue to be committed to providing high-quality paint products for the automotive industry and work with customers to create a better future.

Warehousing Guarantee:

We have a 500 square meter warehouse with excellent safety hazards. Employees will regularly inspect the warehouse to ensure the safe storage of inventory products to meet customer needs at any time.

Customer feedback:

In the global automotive paint market, Meklon has won high praise from customers in various countries for its excellent quality and outstanding performance.

Dealers have said that the strong market demand for Meklon has brought them huge profits. "The quality of this automotive paint is very stable, and we have never received any complaints from customers during the sales process. Moreover, its leveling and easy spraying properties make it popular with both repair shops and consumers, and our sales have been growing steadily." A Russian dealer said excitedly.

For repair shops, Meklon is a powerful assistant for them to improve their business level. "After using Meklon, our work efficiency has been greatly improved. Its easy spraying properties allow our technicians to complete car repair work faster, and its strong leveling properties make the effect after spraying very good, and customer satisfaction is extremely high. This not only brings us more customers, but also allows us to establish a good reputation in the industry." A repair shop manager in Africa said with emotion.

Meklon will continue to work hard to provide customers with better products and services and create a better future with everyone.
