### Our Advantage

Meklon's overseas best-selling core advantage: "Quality+Customization+Service+Cost effectiveness" four-dimensional competitiveness

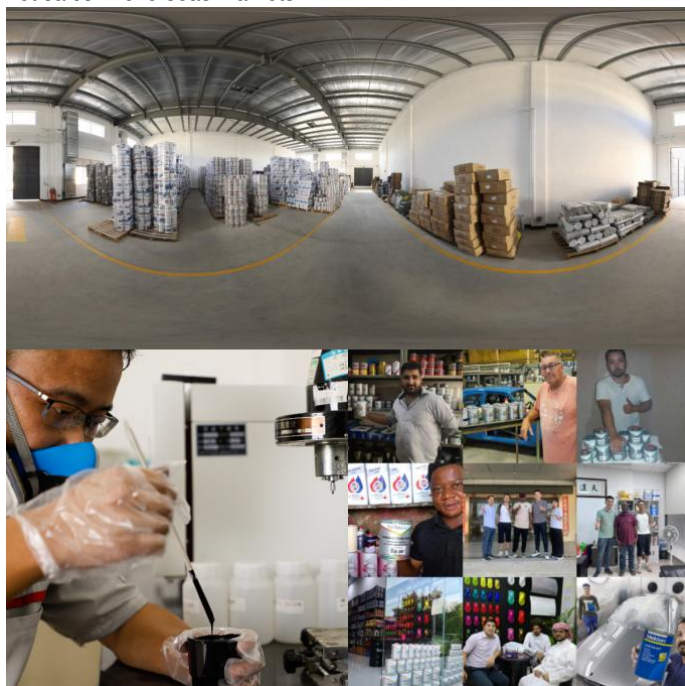

International quality: produced according to ISO 9001 standards, with multiple quality inspections to ensure stable performance. The globally applicable formula is suitable for harsh environments in Europe and America, and regional testing wins trust.

Flexible customization: covering product types, functions, packaging, language labels, quickly responding to differentiated needs such as high temperature wear resistance in the Middle East and animal free experiments in Europe.

Professional services: The manufacturer provides "one-stop" support through direct sales - free pre-sales samples/technical consultation, stable supply during sales+multilingual customer service, after-sales batch traceability+remote technical assistance, reducing customer trial and error costs.

High cost-effectiveness: Direct supply from the source manufacturer eliminates intermediate links, and similar products are priced 10% -20% lower than international brands. Southeast Asia/China base+efficient logistics, 48 hour urgent order response, 4-6 weeks global delivery, balancing low prices and fast delivery.

Summary: Based on global standard quality, through regional adaptation customization, full process professional services, and cost-effective delivery, we accurately meet the "reliable, worry free, and cost-effective" needs of overseas customers, driving hot sales in overseas markets.
