### Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Meklon
- Certification: ISO,SGS,MSDS
- Model Number: 115
- Minimum Order Quantity: 200L
- Price: USD3.06/L-10.5/L
- Packaging Details: 1L\*12,4\*4,20L,200L
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 500000L/month

### Product Specification

- Material: Acrylic Resin
- Usage: Car Paint, Plastic Coating
- Application Method: Spray
- State: Liquid Coating
- Brand: Honda
- Shelf Life: 3 Years
- Port: Hong Kong, Huangpu, Shekou, Nansha
- HS Code: 320890
- High Light: Honda Ready Mixed Car Paint
- Coverage: Various Coverage
- Highlight: **1K 2K Car Refinish Paint,  
High Temperature Car Refinish Paint**

## Product Description

### Auto Body Acrylic Repair Base Spray Coat 1K/2K Tints Car Paint for Automotive Refinishing

#### Product Overview:

Explore automotive refinishing excellence with our extensive car refinish paint range. Dive into a spectrum of options with our 1K Tinters, offering 1K solid colors, 1K silver, 1K pearl colors, and 1K crystal pearl color. Unleash vibrant hues with our high-quality 2K Tinters, designed for powerful color impact.

Prime with precision using our selection of primers, including 1K primer, 2K primer, epoxy primer, plastic primer, and matte black primer. Elevate your finish with our Finishing Essentials, featuring clear coats for a lasting shine. Enhance durability using our top-quality hardeners.

Optimize your paint consistency with our range of thinners, binders, putty, and other refinishing paint additives. Stay ahead with automotive paint trends by incorporating popular keywords such as "automotive paint trends," "car refinish color options," and "durable clear coat finishes" into your refinishing projects. Drive success in the automotive refinishing industry with our comprehensive and trend-forward product offerings.

#### Key Features:

Achieve impeccable coverage with our high-performance solid color base coat, delivering a flawless and vibrant finish that stands out in the automotive refinishing landscape. Our versatile product range encompasses everything from primers to tinters and finishing essentials, addressing a wide spectrum of automotive refinishing needs.

Experience the cutting edge with our advanced formulation, seamlessly combining fast drying, high hardness, and a brilliant gloss. This formulation ensures an easy and efficient application process, meeting the demands of modern automotive refinishing projects.

Rest assured of industry-standard quality, as our commitment extends from meticulously sourced raw materials to the final product. Each component not only meets but exceeds industry standards, guaranteeing a top-tier automotive refinishing experience. Stay ahead of automotive paint trends with keywords like "high-performance base coat," "advanced gloss formulation," and "industry-standard refinishing quality" integrated into your refinishing projects. Elevate your automotive refinishing endeavors with our exceptional products and stay in sync with the latest trends in the automotive paint industry.

#### Comprehensive Solutions for Automotive Perfection:

Choose our car refinish paint for a comprehensive solution that goes beyond the surface, delivering the perfect blend of quality, versatility, and performance for your automotive refinishing projects.

#### Product Features Overview:

Discover our range of advanced automotive refinishing products tailored to meet your diverse needs:

**2K Color Tinters:** Experience the perfect blend of fast drying, high hardness, and a vibrant, glossy finish with our 2K color tinters. Achieve bright colors and excellent covering power while ensuring easy spraying for efficient application.

**1K Color Tinters:** Enjoy excellent covering power, metallic effects, and easy spraying with our 1K color tinters, catering to a variety of refinishing projects.

**Clear Coat:** Our clear coat offers high hardness, gloss, and resistance to alcohol and gasoline. It provides protection, durability, and brightness to ensure a long-lasting and appealing finish.

**Thinner:** Our thinners offer good dissolution properties, promoting strong bonding for a seamless refinishing process.

**Hardener:** Experience high-quality hardeners with excellent anti-yellowing properties, heat resistance, and a high solid content for enhanced durability.

**1K Primer:** Achieve fast drying, easy sanding, excellent filling power, and good adhesion to the top coat with our 1K primer.

**2K Primer:** Benefit from high filling power, excellent inter-layer adhesion, fast drying, and easy sanding with our 2K primer. It improves the fullness, brightness, and gloss of the top coat.

**Epoxy Primer:** Ensure excellent adhesion, resistance to salt spray, moisture resistance, anti-bubbling, and outstanding isolation with our epoxy primer.

**2K Binder:** Improve gloss and assist in leveling for a professional finish with our 2K binder.

**1K Binder:** Accelerate the drying speed of 1K metallic paint film, improve application, and enhance adhesion with our 1K binder.

**Matte Black Primer:** Experience high blackness, fast drying, and good adhesion with our matte black primer.

**Matte Agent:** Reduce brightness and achieve a good matting effect with our matte agent.

**Poly Putty:** Enjoy good filling power, easy application, fast drying, no cracks or collapse at normal temperature, and excellent adhesion with our poly putty.

Stay on top of automotive paint trends by incorporating keywords like "advanced color tinters," "durable clear coat," and "high-quality hardeners" into your refinishing projects. Elevate your automotive refinishing with our comprehensive range of cutting-edge products.

Substrates	Dried and sanded existing finishes or primer

Mixing Ratio			
Name	2K Solid color	Hardener	Thinner
Volume Ratio	2 parts	1 parts	0.3-0.5 parts

Port life	4 hours@20°C
Viscosity	Solid colour: 110-120S Silver colour:180-220S
Period of Coats	2-3 coats
Flash-off time	10-15 Minutes
Each thickness	40-60 Micron
Spray Pressure	Gravity type: 1.2-1.5 mm, 3.4Pa Suction type:1.4-1.6mm

Drying Time			
Temperature	Dust Free	Dry to Handle	Thorough Dry
20°C	30 minutes	10 hours	1 day
60°C	15 minutes	1 hours	1 hour
Sand ability and Polish ability	wet sanding P800 P1000 sand paper if need polish		
Shelf Life	5 years in original sealed		
Packaging	1L*12 tins /ctn 4L*4tins /ctn		

#### Why Choose Us:

**Our Premium Products:** Specializing in top-quality car refinish paint, our product range extends beyond to include a diverse selection of car care accessories. Explore our offerings, including cutting-edge spray guns, tack cloths, sanding paper, undercoating solutions, mixers, mixing machines, paint cups, and more.

**Unwavering Quality:** Our commitment to quality is unparalleled. From meticulous raw material selection to the final product, we adhere to stringent quality control measures, ensuring excellence at every stage. Experience automotive refinishing with products that meet the highest industry standards.

**Tailored OEM/ODM Service:** Experience the flexibility of our OEM/ODM service. If you envision having products under your brand, contact us without hesitation. We specialize in tailoring solutions to bring your brand vision to life, ensuring a personalized touch to your automotive refinishing projects.

**Swift and Reliable Delivery:** We prioritize efficiency in every aspect. With a steadfast commitment to timely service, we guarantee fast deliveries. Count on us to meet your deadlines, ensuring your automotive refinishing projects progress seamlessly.

Choose us for a comprehensive automotive refinishing experience that seamlessly blends top-notch products, quality assurance, personalized service, and prompt deliveries for unparalleled results. Elevate your automotive refinishing endeavors with our range of superior-quality products and services. Stay ahead of industry trends with keywords such as "cutting-edge car refinish paint," "top-quality automotive accessories," and "personalized OEM/ODM solutions" integrated into your projects.
