

## 38P Bright Silver Refinish Car Paint With Dazzling Effect For Mazda Auto Coating

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: 38P
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T, T/T
- Supply Ability: 500L per day

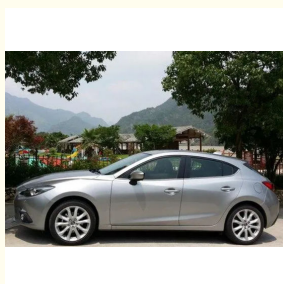

### Product Specification

- Brand: Mazda
- Code: 38P
- Color: Dazzling Silver
- Coats Required: 2-3
- Dry Time: 2-4 Hours
- Easy To Clean: Yes
- Form: Liquid
- High Light: Ready Mixed Car Paint
- Net Weight: 0.95KG
- Product Type: Automotive Paint
- Scratch Resistance: Highly Resistant To Scratches
- Highlight: **metallic silver auto paint, 2 stage automotive paint**

## Product Description

### 38P Bright Silver Car Paint With Dazzling Effect Professional Formula For Mazda Auto Coating

38P bright silver is a car paint color with a silver tone. 38P bright silver has a more dazzling effect. It will emit a dazzling luster in the sun.

As a car paint manufacturer, our professional R&D team has developed the 38P dazzling silver car paint with Changan Mazda.

#### Features of 38P bright silver car paint:

**Accurate color matching:** Meklon's professional R&D team carefully developed car paint colors that match Changan Mazda's 38P brilliant silver. The tint, brightness and reflective properties of 38P Brilliant Silver were studied in depth and a custom formula developed to ensure your car's paint perfectly matches the original factory color.

**Unique dazzling effect:** Car paint similar to 38P dazzling silver has an amazing dazzling effect. Meklon's team uses advanced pigments and additives to give automotive paint surfaces a bright, sparkling sheen. This dazzling effect can bring excellent visual appeal to the vehicle, making it more dazzling in the sun.

**HIGH QUALITY COATING AND DURABILITY:** Our team focuses on the quality and durability of your automotive paint. They select high-quality materials and use advanced painting techniques to ensure the paint is evenly applied and smooth. This high-quality coating not only gives your vehicle a great look, it also provides durable protection against the elements such as fading, oxidation, scratches and harsh weather.

**Technological innovation and R&D strength:** Meklon's professional R&D team continuously carries out technological innovation and R&D work.

We keep up with industry trends and constantly seek new materials, processes and formulations to improve the quality and performance of automotive paints. Our engineers have extensive experience and expertise to provide customers with customized solutions and meet the needs of different markets and applications.

**Customer Service and Support:** As a manufacturer, you provide comprehensive customer service and support. Our team works closely with customers to understand their needs and provide technical support, training and after-sales service. You are committed to building long-term relationships and ensuring customer satisfaction with your products and services.
