Main Features:

high concentration, thick, good coverage, high shiness, etc.

Product Description

2K Color Paint

It is a bi-component car refinish paint series with a high-quality single-coat system. It can be cured at room temperature or through low-temperature baking. With the following advantages: good adhesion force, high hardness, high gloss, bright color, excellent covering power, easy spraying, etc.

Mixing ratio: 2K Tinters: Hardener: Thinner = 2: 1: 0.2-0.5 (volume ratio)

Applicable period: at 20 °C for about 3 hours.

Drying Time: At 20 °C, 40 minutes for surface drying, 12 hours for thorough drying. With 60 °C baking, 40 minutes of thorough drying

Package: 1L *12, 1L *6, 4L *4

Storage Period: At 20 °C with the original sealed, it can store for more than 18 months.

1K Color Paint

It is a high-quality base coat series with two coats and a three-coat system. Silver, pearl, or solid color tinters are included.

Excellent covering power, metallic effect, easy spraying

Mixing Ratio: 1K Tinters: Thinner = 1: 1-1.2 (volume ratio)

Spraying: wet spray for two to three layers; the flash-off time between layers is 5–15 minutes.

Package: 1L *12, 1L *6, 4L *4

Storage Period: At 20 °C with the original sealed, it can store for more than 18 months.

Note: If spraying a large area, we recommend adding 5% hardener, then spray varnish.

Frequently Asked Questions (FAQ):

Q1: Are you a trading company or a manufacturer?

A: We are a distinguished manufacturer located in Shaoguan, Guangdong, China, with our cutting-edge factory conveniently situated just a one and a half-hour drive from Guangzhou airport.

Q2: Do you provide samples? Is it free or at an additional cost?

A: Depending on the circumstances, we can provide complimentary samples to interested parties.

Q3: Can you manufacture the paint under my brand and logo?

A: Absolutely. We offer the option to pack and deliver the paint under your brand. However, certain licensing requirements and minimum order quantities apply. Contact us for a detailed discussion on our OEM Cooperation Terms.

Q4: Is your car paint suitable for our weather?

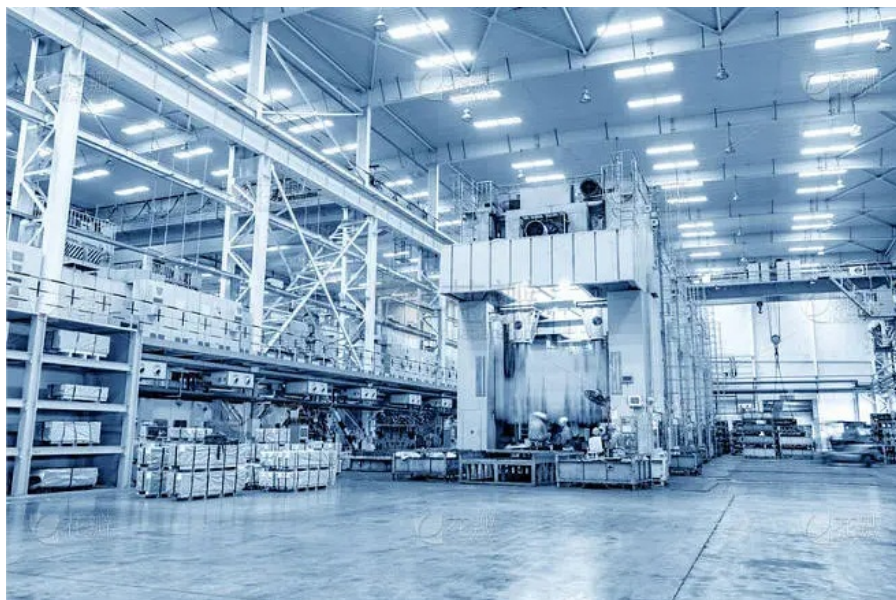

A: Our car paint has undergone rigorous testing both nationally and in overseas markets. Moreover, we can customize the formula to ensure optimal performance in various climate conditions.

Q5: Can you produce customized colors?

A: Yes, we can. Provide us with a color sample, or alternatively, share a picture for reference, and we'll tailor the color to your specifications.

Q6: What free advertising materials do you provide if I place an order? How many pieces are given for free?

A: With your order, we offer an array of complimentary advertising materials, including mixing machines, balances/scales, spray guns, display racks, T-shirts, caps, CDs, posters, tinting maps, TDS (Technical Data Sheets), color reference cards, mixing rulers, and more. The quantity of free items is determined based on your order amount, ensuring you have the tools to showcase our premium automotive coatings.
