Application method

spray gun	Gravity gun	Suction gun
	gun nozzle: 1.2mm, gun pressure: 2.0-3.0 MPa	gun nozzle: 1.5mm, gun pressure: 2.0-3.0 Mpa
substrate	dry 1K primer surface with smooth effect	
Paint preparation	1k paint- thinner-EX10/EX20/EX30	
mix ratio	1 : 1 (base paint : thinner)	

spraying layers	2-3 coats	
flash off time	3-5 mins , 20-25	
surface dry time	15-20mins	
Time to Polish	1h, P1000 sanded paper	
Relationship between drying temperature and time of 1K base coat		
Tenmperture	Surface Drying time	Time to Polish
25	10-15 mins	1 hour
35	5-10 mins	40 mins
60	3-5 mins	15 mins

Discover the exceptional features of our bi-component car refinish paint series, boasting a high-quality single-coat system that sets it apart. This automotive coating can be efficiently cured at room temperature or through low-temperature baking, ensuring flexibility in application. Enjoy the benefits of fast drying, resulting in increased productivity, coupled with high hardness for lasting durability. The high gloss finish enhances the visual appeal, and the bright color palette, combined with excellent covering power, creates a flawless coating. The ease of application makes spraying a breeze, making it a preferred choice for automotive enthusiasts and professionals alike. Elevate your painting experience with a product designed for outstanding performance and stunning results.

Physical properties

Product Name	2K top coat
Density	0.92-1.25 kg/L
Raw materials	Acrylic Resin, Additive, solvent, and polyurethane resin
Colors	multiple colour. See the product list below for details.
Solid content	50%

Frequently Asked Questions (FAQ):

Q1: Are you a trading company or a manufacturer?

A: We are a distinguished manufacturer located in Shaoguan, Guangdong, China, with our cutting-edge factory conveniently situated just a one and a half-hour drive from Guangzhou airport.

Q2: Do you provide samples? Is it free or at an additional cost?

A: Depending on the circumstances, we can provide complimentary samples to interested parties.

Q3: Can you manufacture the paint under my brand and logo?

A: Absolutely. We offer the option to pack and deliver the paint under your brand. However, certain licensing requirements and minimum order quantities apply. Contact us for a detailed discussion on our OEM Cooperation Terms.

Q4: Is your car paint suitable for our weather?

A: Our car paint has undergone rigorous testing both nationally and in overseas markets. Moreover, we can customize the formula to ensure optimal performance in various climate conditions.

Q5: Can you produce customized colors?

A: Yes, we can. Provide us with a color sample, or alternatively, share a picture for reference, and we'll tailor the color to your

specifications.

Q6: What free advertising materials do you provide if I place an order? How many pieces are given for free?

A: With your order, we offer an array of complimentary advertising materials, including mixing machines, balances/scales, spray guns, display racks, T-shirts, caps, CDs, posters, tinting maps, TDS (Technical Data Sheets), color reference cards, mixing rulers, and more. The quantity of free items is determined based on your order amount, ensuring you have the tools to showcase our premium automotive coatings.
