Basic Information

- Place of Origin: GUANGDONG CHINA
- Brand Name: Meklon
- Certification: ISO,SGS,MSDS
- Model Number: 217
- Minimum Order Quantity: 200 cartoon
- Price: USD3.06/L-10.5/L
- Packaging Details: 1L*12,4*4,20L,200L
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 500000L/month

Product Specification

- Material: Acrylic Resin
- Usage: Car Paint, Plastic Coating
- Application Method: Spray
- State: Liquid Coating
- Brand: CarCharm
- Shelf Life: 3 Years
- HS Code: 320890
- High Light: Honda Ready Mixed Car Paint
- Coverage: Various Coverage
- Highlight: **1K Base Coat Automotive Refinishing Paint, Meklon Premium Automotive Refinishing Paint**

Product Description

Meklon Premium Stylish Design 1K Base Coat Automotive Paint Automotive Refinishing

2K Top Coat High Concentration Bright Color Car Refinish Paint

Product Description

We provide a comprehensive line of vehicle paint materials, including 2K color tinters, 1K base colors, silver, pearl, clear coat, hardener, thinner, primer, and more.

We can also provide spray guns, mixing machines, 1L and 4L mixers, filters, plastic paint cups (200ml, 300ml, 500ml, 1000ml, 2000ml), polishing foam pads, wool pads, undercoating, rubbing compound, abrasive paper, putty spatula, tack cloth, paper strainer, spray booth floor and ceiling filters, masking tape, masking paper/film, polisher, scale, and so on.

2K Color Tinters

It is a bi-component automotive refinish paint series with a high concentration/density and viscosity, as well as a highly brilliant finish. It can be cured at room temperature or with low-temperature baking. Advantages include high hardness, high gloss, vivid color, great covering power, ease of spraying, and so on.

1K Color Tinters

It is a high-quality base coat series with two and three coat systems. Tinters for silver, pearl, and solid colors are supplied. Excellent coverage, metallic look, and simple spraying.

Clear Coat

To meet the needs of our clients, we provide three types of high-performance varnish: economical, standard, and high solid content, all of which have excellent hardness, gloss, and resistance to alcohol and gasoline. The clear coat may be sprayed over the 1K base coat to give protection, durability, and brightness. After two wet sprays, the crystals will shine and be smooth.

Hardener

High grade and anti-yellowish. We provide three types: economical, standard, and high solid content (HS), as well as three models: fast dry, standard, and slow dry. It is compatible with 2K tinters, pre mixed paint, and clear coat.

Thinner

There are three sorts of thinner: fast dry, standard dry, and slow dry. It is used in products such as 2K paint, 1K paint, clear coat, and 2K primer. It has an excellent dissolving and bonding action.

Advantages

1. Effective anti-corrosion
2. Weather resistance performance
3. High pollution resistance and anti-alkaline properties.
4. The cured film is strong and abrasion-resistant.
5. Scrub the Car lacquer face with a waterproof and dampproof detergent.

Company Information:

Guangzhou Meklon Chemical Technology Co., Ltd. is a vibrant firm that was established in 2015. We are a key participant in the market, having established ourselves as a reliable source for automobile coating needs. Our firm focuses on the research, development, manufacture, and marketing of automobile paint, alloy advertising paint, and putty.

Our extensive sales network spans China, Southeast Asia, Africa, the Middle East, Australia, Europe, and America, demonstrating our commitment to supplying high-quality products on a worldwide scale. Notably, our success is evidenced by the introduction of prominent names like as "Ferrari" and "Porsche," which indicate the market's high appreciation for our products.

Application method

spray gun	Gravity gun	Suction gun
	gun nozzle: 1.2mm, gun pressure: 2.0–3.0 MPa	gun nozzle: 1.5mm, gun pressure: 2.0–3.0 MPa
substrate	dry 1K primer surface with smooth effect	
Paint preparation	1k paint- thinner-EX10/EX20/EX30	
mix ratio	1 : 1 (base paint : thinner)	
spraying layers	2-3 coats	
flash-off time	3-5 mins , 20-25	
surface dry time	15-20mins	
Time to Polish	1h, P1000 sanded paper	
Relationship between drying temperature and time of 1K base coat		
Tenmperture	Surface Drying time	Time to Polish
25	10-15 mins	1 hour
35	5-10 mins	40 mins
60	3-5 mins	15 mins

Why Choose Us

Our Products	In addition to a variety of car care accessories, such as a paint cup, tec, tack cloth, undercoat, mixer, and mixing machine, we also specialize in automobile refinish paint.
Quality	We maintain stringent quality control over all items, from raw materials to finished goods.
Service	Please get in touch with us if you would like the products to carry your own brand; we provide OEM/ODM services!

Fast Delivery	After the order is confirmed, we promise to fulfill or ship the items within 7 to 10 days.

Frequently Asked Questions (FAQ):

Q1: What is your company's nature—a trading company or a manufacturer?

A: A respectable firm based in Shaoguan, Guangdong, China, is who we are. The Guangzhou airport is conveniently close to our state-of-the-art factory—just a 45-minute drive away.

Q2: Do you offer samples, and is there a cost associated with them?

A: We may be able to give interested parties free samples, depending on the circumstances.

Q3: Can you produce paint under my brand and logo?

A: Of course. We offer the choice of packaging and delivering the paint using your logo. Nevertheless, there are minimum order quantities and license restrictions. Please get in touch with us if you would like a thorough explanation of our OEM Cooperation Terms.

Q4: Is your car paint suitable for our local weather conditions?

A: Both domestically and internationally, our automotive paint has undergone extensive testing. We can also alter the formula to guarantee peak performance under different climatic circumstances.

Q5: Can you create customized colors?

A: We certainly can. Give us a sample of the color you want, or send us a reference image, and we will adjust the color to your preferences.

Q6: What advertising materials are provided for free with my order, and how many pieces are included?

Mixing machines, balances and scales, spray guns, display racks, T-shirts, caps, CDs, posters, tinting maps, TDS (technical data sheets), color reference cards, mixing rulers, and more are among the free promotional materials we provide with your order. Your order amount will determine how many free things you receive, so you'll have everything you need to properly display our high-quality automotive coatings.
