Advanced Technology For Durable And Appealing Car Paint Top Coat

Meklon company introduction

Meklon is an automotive paint manufacturer located in Shaoguan, we also have an office in Guangzhou. We focus on producing high-quality automotive refinish paint and providing customers with excellent automotive painting solutions.

We are committed to producing high quality automotive refinish paint. We use advanced formulations and technologies to ensure our products have excellent color stability, durability and appearance. Our refinishing paints perfectly match your vehicle's original color for a seamless restoration.

Our employees have received professional training and guidance and have rich painting experience and skills. They are familiar with the latest painting technologies and processes and can provide professional advice and support to ensure customers obtain satisfactory results.

Our factory is fully equipped with advanced production equipment and technology. We pay attention to the cleanliness and organization of the factory to ensure the efficiency of the production process and the stability of product quality.

We provide one-stop solutions from raw material procurement, manufacturing, delivery to after-sales service. We have a complete supply chain management and quality control system to ensure product traceability and consistency.

We take our customers' feedback and needs very seriously. We continually strive to improve our products and services to meet our customers' expectations. We are oriented towards customer satisfaction and have established a good reputation and cooperative relationship.

Car Charm Product Introduction

Car Charm is a brand of Meklon, The packaging is beautiful and the quality is good, loved by customers.

Product Name:	C-204 Special Black	Specifications:	1L/4L/5L
Features:	high covering power, high temperature resistance	Scope of application:	Cars, ships, vehicle, tanks
Color:	Special Black	Voc:	Low
Storage method:	Store in a cool, dry, ventilated and dark place	Sales scope:	global
Drying time:	surface drying time is 2 hours, actual drying time is 24 hours	Mixing ratio:	paint:curing agent:thinner=2:1:0.3

Substrate treatment:	Before spraying the substrate, the substrate must be cleaned, degreased with degreaser, and polished with 800#~1000# sandpaper. Clean it after polishing, and use degreaser to remove oil again.
----------------------	--

P r o c e s s :	The spraying process uses wet spraying to spray 2 to 3 layers on the surface of the substrate. Pay attention to leaving 5 to 10 minutes of evaporation time between each two layers. After spraying, the paint film needs to stand for 10 to 15 minutes. Then bake. Thickness in dry film state: 35~50 microns
--------------------------------------	--

Product Description

Meklon's Extra Black Automotive Paint features a deep, vibrant black tone that gives your car a unique and sophisticated look. This color accentuates the lines and design of the vehicle, adding a sense of luxury and style to it.

This extra black automotive paint is formulated with a high-quality formula to ensure color stability and durability. It uses advanced technology to resist scratches, stone impacts and UV radiation from daily use, providing long-lasting protection for your vehicle.

Automotive refinish paint has a smooth, fine texture that creates a pleasant touch. It creates an even and smooth appearance to the vehicle's surface, enhancing its overall sense of quality.

Extra black car paint has excellent gloss and can reflect light, making the vehicle look brighter and more attractive. It provides a high-gloss

...effect that makes the vehicle shine in the sun and accentuates its lines and curves.

Our extra black car paint not only offers excellent quality and appearance, it's also affordable. We are committed to providing cost-effective products so that more customers can enjoy excellent painting effects.

Our extra black automotive paint can be customized to suit our customers' needs. You can choose different gloss levels, textures or color details to meet your unique requirements and achieve a personalized look.
