

High Covering Power And Harmless Refinish Car Paint P-209 Purple Blue For Vehicles

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: PORSHICHE
- Certification: ISO,MSDS,SGS
- Model Number: P-209
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 L per day

Product Specification

- Brand: PORSHICHE
- Color: Purple Blue
- Manufacture: Meklon
- Product Name: P-209 Purple Blue
- Usage: Spray,Brush,Roll
- Highlight: High Covering Power Refinish Car Paint,
P-209 Refinish Car Paint,
Vehicles Refinish Car Paint

Product Description

High Covering Power Refinish Car Paint P-209 Purple Blue for Vehicles

Product Description

Product Name	P-209 Purple blue	Specifcatons	1L/4L/5L
Features	High covering power, High temperature resistance	Scope of application	Cars, ships, vehicle, tanks
Color	Purple blue	Voc	Low
Storage Method	Store in a cool, dry, ventilated and dark place	Sales Scope	Global
Drying Time	Surface drying time is 2 hours, actual drying time is 24 hours	Mixing Ratio	Paint:curing Agent:thinner=2:1:0.3

Substrate Treatment	Before spraying the substrate, the substrate must be cleaned, degreased with degreaser, and polished with 800#~1000# sandpaper. Clean it after polishing, and use degreaser to remove oil again.
Process	The spraying process uses wet spraying to spray 2 to 3 layers on the surface of the substrate. Pay attention to leaving 5 to 10 minutes of evaporation time between each two layers. After spraying, the paint film needs to stand for 10 to 15 minutes. Then bake. Thickness in dry film state: 35~50 microns

P-209 Purple-blue car paint usually presents a deep and full tone, which combines the characteristics of purple and blue to create a noble, romantic and mysterious feeling. It can present different color changes under different lights, thereby adding a unique visual effect to the vehicle.

Meklon purple blue car paint is made using advanced coating technology and high-quality materials to ensure its color persistence and durability. This kind of paint usually has good UV resistance, scratch resistance and fade resistance, which can effectively protect the appearance of the vehicle.

Purple blue car paint can also be customized according to personal preferences. We can adjust the proportions of purple and blue to create a unique color effect based on the client's preference and style. This customization option allows the vehicle to be more tailored to one's personal taste and style. Not only can the color ratio be customized, but cans and cartons can also be customized, supporting OME.

Our Advantage

First of all, we focus on quality management and use high-quality raw materials and advanced production technology to ensure the production of excellent automotive paint products. We have strict quality control processes and inspection standards to ensure that each batch of products meets international standards and customer requirements.

We have a professional R&D team and technical personnel from PPG who are committed to continuously innovating and improving the formula and production process of automotive paint. We pay close attention to the latest trends and technological developments in the industry to ensure that our products remain at the leading edge and meet the ever-changing needs of our customers.

We have advanced production equipment and production lines, with high production capacity and flexibility. We are able to respond quickly to customer needs and meet production requirements for large batch orders. At the same time, we are also able to carry out small batch production according to customers' customized needs to meet the personalized needs of different customers.

We are committed to sustainable development and environmental protection. We use environmentally friendly materials and production processes to reduce negative impact on the environment. We comply with relevant environmental regulations and standards and strive to reduce waste and energy consumption to lower our environmental footprint.

We value cooperation and communication with customers and actively listen to their needs and feedback. We provide comprehensive pre-sales and post-sales support, including technical consulting, product training and problem solving. We strive to establish long-term cooperative relationships to achieve win-win and sustainable development.
