Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: C-315
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

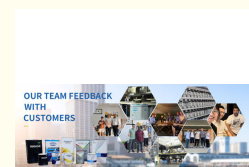

Product Specification

- Series: CarCharm Series
- Code: C-315
- Name: Golden Pearl
- Net Weigh: 0.95KG
- Form: Liquid
- Voc Content: Low
- Suitable Surfaces: Metal, Plastic, Fiberglass
- Finish: Glossy
- Easy To Clean: Yes
- Number Of Coats: 2-3
- Environmentally Friendly: Low VOC Emissions
- Highlight: Car Golden Pearl Automotive Paint,
3 Coats Golden Pearl Automotive Paint,
Sheen Golden Pearl Automotive Paint

Product Description

Golden Sheen and Depth of Car with Golden Pearl Automotive Paint

Product Description:

Product name:	P-315 Golden pearl	Net Weight:	0.95/3.6/4.6KG
Specifications:	1L/4L/5L	Raw material:	pigment

Our Product

Hiding power:	Strenght	Storage conditions:	Dry, ventilated, cool place, away from fire and high temperature environment.
shelf life:	1-3 years, avoid long-term storage, it is generally recommended to use it within one year.	Gloss:	matte non-reflective
maintenance:	Easy and simple	construction:	1K Matte Black Mixed Thinner 1:1 Stir and spray directly

Golden Pearl car paint is a special car paint containing golden pearl powder, which brings a unique metallic luster and color effect to the car surface.

Gold pearl paint delivers a golden sheen and depth while showing rich color changes in different lights. It can shine with a dazzling metallic luster in the sun, or show a deep and mysterious golden tone in a dark environment.

Meklon's high-quality Gold Pearl automotive paint undergoes a precise formulation and production process to ensure color accuracy and consistency. Manufacturers often use color standards and techniques to ensure accurate color in each batch of paint and to avoid color variations.

Meklon Gold Pearl automotive paint manufacturer is committed to developing environmentally friendly, low VOC (volatile organic compounds) products. These car refinish paints use water-based base materials, which reduce environmental pollution and harmful gas emissions. At the same time, they are also relatively harmless to human health.

Golden Pearl Automotive Paint offers high quality properties, weather resistance, abrasion resistance and corrosion resistance. They maintain good appearance and shine in a variety of environmental conditions and provide long-lasting protection. A high-quality paint layer also has good resistance to scratches and chemicals.

Golden Pearl automotive paint generally has good flexibility and fluidity, making the coating even and easy to apply. They can also control the depth and effect of color by adjusting the thickness of the coating and the spraying technique. In addition, the gold pearl paint can also reflect some heat, helping to keep the temperature inside the car lower.

Gold Pearl car paint has a metallic sheen and unique golden hue, giving your car a luxurious, unique and eye-catching appearance. High-quality gold pearl paint not only has accurate color accuracy, but also pays attention to environmental protection, pollution-free and harmless. They offer excellent weather and abrasion resistance, providing long-lasting protection and a high-quality appearance.

Manufacturer introduction:

Meklon is one of the world's leading suppliers of paints and coating solutions and a company specializing in automotive coatings. We offer a wide range of high quality automotive paints, Meklon is committed to innovation and research and development to provide automotive paints with outstanding weather resistance, color accuracy and appearance quality. They have advanced production facilities and laboratories to ensure product consistency and high quality.

Meklon is also an important player in the field of automotive paint. We offer a wide range of automotive paint products and technologies, including automotive refinishing tools. Meklon focuses on innovation and sustainability and is committed to developing environmentally friendly, efficient and high-quality automotive paints. Their products have a solid reputation for color accuracy, weather resistance and protective properties.

Manufacturer

The factory has advanced R&D laboratories and production facilities to ensure the quality and performance of automotive paints. We invest significant resources in research and development of new coatings technologies and work closely with vehicle manufacturers to meet changing needs and requirements. In addition, the factory also pays attention to environmental

protection, using advanced production processes and sustainable materials to reduce its impact on the environment.

Our reputation, experience and technical capabilities are recognized by our customers and ensure the production of high quality automotive paint products.
