## Product Description

### Good Metallic Car Paint Price 1K Pure Black Wholesale Car Paint

#### Manufacturer introduction:

Guangzhou Meklon Chemical Technology Co., Ltd. was established in 2014 with 25 subsidiaries and established a complete and scientific production chain.

We specialize in the production of automotive paints, industrial paints, putty, Clear Coat and Hardener special curing agents for automotive paints, and automotive care products. Special unsaturated resin, various cans, cartons, etc.

Our sales network covers more than 65 countries and has more than 1,500 customers in China.

We have established good business relationships with well-known automobile manufacturers, shipbuilding and machinery manufacturers. Our products have been favored by customers at home and abroad for many years.

#### product description:

Meklon 1K Pure Black Restoration Automotive Paint offers excellent high hiding properties. It effectively covers blemishes and imperfections on the vehicle's surface during the repair process, including scratches, scrapes and small dents, allowing the repaired area to blend perfectly with the surrounding paint surface without visible marks.

Pure black car paint has excellent adhesion and adheres firmly to the vehicle surface. This means that the repaired paint surface will not peel or fade easily, and will have good durability and long-term aesthetic effect. Whether in high or low temperatures or harsh weather conditions, our 1K Solid Black Restoration Auto Paint maintains consistent performance.

Meklon's 1K Pure Black Restoration Automotive Paint has excellent leveling properties. It flows evenly and spreads flat across the vehicle's surface, resulting in a smooth, streak-free repair. This not only improves the cosmetic quality of the restoration, but also reduces subsequent polishing and finishing work.

1K pure black car repair paint can be sprayed alone or mixed with other colors and sprayed with other colors. Regarding the mixing function, we have finished paints matching the colors of each car model. We have APP system software. You can download the Meklon colorMix query formula. We also have matching Color cards, color charts, etc. If necessary, please feel free to contact our sales staff at any time.

Best of all, our 1K Solid Black Restoration Car Paint is affordable. We focus on providing high-quality products at affordable prices, allowing you to perform automotive restoration and maintenance at a more competitive cost. This not only helps reduce your costs but also improves your business effectiveness.
