

## Crystal Green Pearl Antiseptic Paint With High Hiding Power For Automotive Coatings

Our Product Introduction

for more products please visit us on [refinishcarpaint.com](http://refinishcarpaint.com)

### Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: P-X06
- Minimum Order Quantity: 200Boxes
- Price: 4.64USD-6.92USD
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

### Product Specification

- Brand: PROSHICHE
- Name: Crystal Green Pearl
- Net Weight: 0.95KG
- Color: Green
- Finish: Gloss
- Mix Ratio: 2:1
- Shelf Life: 1-3 Year
- Highlight: Crystal Green Pearl Antiseptic Paint,  
Automotive Coatings Antiseptic Paint,  
High Hiding Power Antiseptic Paint

## Product Description

### Crystal Green Pearl Antiseptic Paint with High Hiding Power for Automotive Coatings

a revolutionary automotive coating that combines the allure of a vibrant green pearl finish with the practicality of antiseptic properties. This exceptional paint is meticulously designed to offer high hiding power, ensuring a flawless coverage that conceals imperfections and delivers a pristine, uniform appearance.

**Fluidity and Leveling Excellence:**

Meklon Crystal Green Pearl Antiseptic Paint is engineered to excel in fluidity and leveling, providing a smooth, streak-free application that enhances the overall quality of your automotive coatings. Its advanced formulation ensures that the paint flows seamlessly across the surface, minimizing brush or roller marks and resulting in a professional, high-end finish.

**Luminous Gloss:**

The paint's luminous gloss is a standout feature, reflecting light in a way that amplifies the depth and richness of the green pearl hue. This glossy finish not only adds to the aesthetic appeal but also contributes to the paint's durability and resistance to environmental factors, ensuring that the shine remains vibrant for an extended period.

**Antiseptic Characteristics:**

What sets Meklon Crystal Green Pearl Antiseptic Paint apart is its unique antiseptic properties. This innovative feature provides an additional layer of protection, inhibiting the growth of bacteria and other microorganisms on the painted surface. This makes it an ideal choice for those who prioritize hygiene and cleanliness, especially in shared or commercial vehicles.

**High Hiding Power:**

With its high hiding power, this paint ensures that the underlying surface is completely masked, delivering a consistent color and finish. This is particularly beneficial for automotive coatings, where a flawless appearance is paramount.

**Versatility and Performance:**

Meklon Crystal Green Pearl Antiseptic Paint is suitable for a wide range of automotive applications, from personal vehicles to commercial fleets. Its robust formulation ensures excellent adhesion, durability, and resistance to chipping, scratching, and UV damage, making it a reliable choice for long-lasting protection and beauty.

In conclusion, Meklon Crystal Green Pearl Antiseptic Paint is a cutting-edge solution for automotive coatings, offering a unique blend of aesthetic appeal, functionality, and hygiene. Its superior fluidity, exceptional gloss, and antiseptic qualities make it a standout choice for those who demand the best in automotive refinishing. Experience the perfect synergy of style and substance with Meklon Crystal Green Pearl Antiseptic Paint.

The pigment particles in Meklon's high-quality crystal green pearl car paint are very fine, which means they can be more evenly dispersed in the coating, which improves the hiding power of the pigment, and can reflect light better, which enhances the sparkle effect.

**Gloss:** High-quality Crystal Green Pearl car paint has a very high metallic sheen, which means it reflects more light and enhances the shimmer of the pigment.

**Concentration:** High-quality Crystal Green Pearl has a very high pigment concentration, which means it creates a thicker coat in the coat, which improves the hiding power of the pigment.

**Pigment formulation:** The formulation of Meklon High Quality Crystal Green Pearl Automotive Paint has been carefully

designed to ensure the best sparkle and stability of the pigment in the coating. This special formula ensures that the pigments have a strong shimmering effect under different lights.

Process Controls: During the manufacture of high quality Crystal Green Pearl automotive paints, strict process controls are required to ensure the pigments meet the highest standards. This includes steps such as pigment production, dispersion and drying. Control of these processes ensures optimum pigment quality and sparkle.
