Product Description

Acrylic Automotive Repair Paint Suitable For Wholesale Purchase By Distributors

Manufacturer Introduction

Meklon is an automotive coatings manufacturer in Guangzhou, China. Our 3,000 square meter factory has been in operation for 20 years. Meklon factory has advanced facilities, including 3 laboratories, a production workshop and a warehouse. The environment is clean and environmentally friendly. We produce 1K.2K color paint, varnish, curing agent, thinner, primer, putty, etc.

Meklon products pass multiple quality inspections. We sell all over the world and are favored by customers. We have received many praises for its quality and performance.

Ratio Recommendation

2K Topcoat: curing agent: thinner = 2:1:10%, the spray gun caliber can be selected as 1.3mm, the thickness of the second coat is about 50-70μm, and the baking time is 30 minutes at 60 .

At the same time, we also provide perfect after-sales service. If you have any questions or problems about use, our professional team will answer and provide help for you at any time. You can contact the person in charge Sally at any time whatapp+8613822162990

Customer Feedback

“

"I was not sure about painting my car myself. But after using your car paint, I found that the operation was very simple, and the effect exceeded my expectations! The paint has strong adhesion and did not fall off. The color is exactly what I expected, and my friends all praised my car for looking brand new. It's great, I like your product!"

“

"I am a person who is very picky about details. I did a lot of homework when choosing car paint. In the end, I chose your product, which was really the right choice! Whether it is glossiness, flatness or color uniformity, it is impeccable. After using your car paint, my car seems to be back to the state when it was just shipped. Thank you very much!"
