

Automotive Refinishing With Meklon P-308 Tongue Red Pearl Car Paint

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: P-308
- Minimum Order Quantity: 200Boxes
- Price: 4.64USD-6.92USD
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

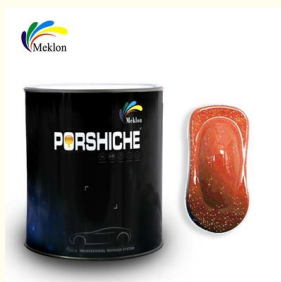

Product Specification

- Brand: PORSHICHE
- Name: Young Red Pearl
- Net Weight: 0.95KG
- Highlight: Meklon Tongue Red Pearl Car Paint, Red Pearl Car Paint

Product Description

High Quality Refinish Clear Coat Car Paint Auto Base Car Paint

Introducing Meklon P-308 Tongue Red Pearl Car Paint – a sophisticated automotive refinishing solution that imparts a distinctive and captivating appearance to vehicle bodies. This premium paint is enriched with pearl powder, which elevates the lacquer surface to exhibit a multi-dimensional color depth and a lustrous sheen that captivates the eye, whether under the sun's natural rays or the ambient lighting of indoor spaces.

Color Dynamics:

The P-308 Tongue Red Pearl shade is a masterful blend of hues, with the front presenting a bold red tone that transitions seamlessly into a warm yellow on the sides. This color gradient is a testament to the paint's ability to create a dynamic visual experience that stands out on the road.

Superior Coverage:

Meklon's P-308 Tongue Red Pearl Car Paint boasts exceptional covering power, ensuring that the underlying surface is thoroughly concealed. This high-quality coverage is crucial for achieving a uniform and blemish-free finish, which is essential in professional automotive paintwork.

Fine Particle Technology:

The paint's formulation includes fine particles that contribute to a smooth and even application. These particles are engineered to disperse evenly, resulting in a refined texture that enhances the paint's overall appearance and performance.

Professional Repair and Restoration:

Ideal for automotive professionals, Meklon P-308 Tongue Red Pearl Car Paint is designed for precise color matching and seamless repair work. Its advanced properties make it suitable for a variety of repair scenarios, from minor touch-ups to full-body restorations, ensuring that every vehicle achieves a showroom-quality finish.

Durability and Longevity:

In addition to its aesthetic appeal, this paint is formulated to withstand the rigors of daily driving. It offers excellent resistance to environmental factors, ensuring that the vibrant color and luster remain intact over time, providing long-lasting protection and beauty.

In summary, Meklon P-308 Tongue Red Pearl Car Paint is a top-tier choice for automotive refinishers who demand precision, quality, and a unique visual impact. Its rich color dynamics, superior coverage, and fine particle technology make it an indispensable tool in the professional's arsenal for achieving exceptional paint repair and restoration results.

Product Details:

Pot Life	24 Hours, 25°C
No. of Coats	2-3 coats
Flash-off Time	2-3 mins at 25°C
Film Thickness	10~20 micron
Spraying Tool	Gravity feed: 1.2~1.5mm
	Suction feed: 1.2~1.7mm
	spraying pressure: 3-5kg/square centimetre
Drying Time	At 25 °C, after 15 minutes, spray varnish within 1 hours
Using Substrates	The surface of old paint or primer after sanding with the P1000# sandpaper or removing the oil
Others	After spraying 2K metal paint, should spray varnish within 1 hour as much as possible, to ensure the accuracy and repeatability of color formula, stir equably before application

Meklon Baby Red Pearl Automotive Paint is a testament to advanced coating technology, offering unparalleled durability and fade resistance. This premium paint formulation is engineered to shield the vehicle's surface from the rigors of daily use, including scratches, stone chipping, and the harsh effects of ultraviolet radiation. By providing this robust protection, Meklon Baby Red Pearl Automotive Paint significantly extends the lifespan of the coating, reducing the frequency of repainting and thereby minimizing paint consumption and waste.

Efficient Repair Solutions:

In the event of minor surface damage or scratches, Meklon Baby Red Pearl Automotive Paint facilitates efficient repair processes. Utilizing specialized restoration tools and techniques, automotive professionals can restore the paint to its original pristine condition without the necessity for a full repaint. This streamlined repair capability not only saves time and resources but also ensures that the vehicle maintains its showroom-quality appearance.

Environmental and Health Considerations:

Meklon is committed to environmental stewardship and has developed Baby Red Pearl Automotive Paint with low volatile organic compound (VOC) content. This eco-friendly approach significantly reduces the paint's impact on atmospheric pollution and air quality, contributing to a healthier environment and safeguarding human health.

Water-Based Innovation:

At the core of Meklon's Baby Red Pearl Automotive Paint is a water-based paint system. This innovative base offers a superior alternative to traditional solvent-based paints, boasting a lower VOC content and emitting fewer harmful substances. The environmental benefits extend throughout the paint's lifecycle, from manufacturing to application, ensuring a reduced ecological footprint without compromising on performance.

In summary, Meklon Baby Red Pearl Automotive Paint is a cutting-edge solution for automotive refinishers, combining exceptional durability and repairability with a strong commitment to environmental sustainability. Its water-based formulation, low VOC content, and efficient repair capabilities make it an ideal choice for professionals seeking a high-quality, eco-conscious paint that delivers outstanding results.
