

## Complete Traceability And Consistency With Meklon S Refinish Car Paint

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: F-204
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 200L per day

Excellent Filling Ability  
Super Adhesion  
Good Corrosion Resistance  
Strong Hiding Power

#### Product Specification

- Brand: Faralli
- Code: F-205
- Product Name: 2K Blue Phase Special Black
- Weather Resistance: Highly Weather-resistant
- Specification: 1Lx12
- Durability: Long-lasting
- Package: Can And Carton
- Uv Protection: Yes
- Coating: Acrylic
- Finish: Glossy
- Net Weight: 0.95KG
- High Light: 2k Top Coat
- Highlight: Complete Traceability Refinish Car Paint,  
Consistency Refinish Car Paint,  
Meklon s Refinish Car Paint

QUICK DRYING IN WINTER  
SLOW DRYING IN SUMMER

## Product Description

### Complete Traceability and Consistency with Meklon s Refinish Car Paint

#### Meklon company introduction

Faralli, a distinguished brand under the Meklon umbrella, is renowned for its exquisite packaging and superior product quality, earning the admiration of customers worldwide.

We are committed to crafting high-quality automotive refinish paints. Utilizing cutting-edge formulations and state-of-the-art technologies, we ensure our products exhibit exceptional color stability, durability, and aesthetic appeal. Our car paints are meticulously formulated to seamlessly match the original hues of your vehicle, ensuring a flawless repair experience.

Our team consists of professionals who have undergone rigorous training and possess extensive expertise in the field of painting. They are well-versed in the latest painting techniques and methodologies, offering expert advice and support to guarantee that our customers achieve the desired outcomes.

Our manufacturing facility is equipped with the latest production machinery and technology, emphasizing cleanliness and organization to enhance production efficiency and maintain the consistency of our product quality.

We offer comprehensive solutions that encompass every stage from raw material sourcing, manufacturing, logistics, to post-sales service. With a robust supply chain management and quality control system in place, we ensure full traceability and uniformity of our products.

We place immense value on customer feedback and needs, constantly refining our offerings to exceed expectations. Driven by a customer-centric approach, we have established a stellar reputation and fostered strong, collaborative relationships with our clients.

#### Product Introduction

Product Name:	C-205 2K Blue Phase Special Black	Specifications:	1L/4L/5L
Features:	high covering power, high temperature resistance	Scope of application:	Cars, ships, vehicle, tanks
Color:	2K Blue Phase Special Black	Voc:	Low
Storage method:	Store in a cool, dry, ventilated and dark place	Sales scope:	global
Drying time:	surface drying time is 2 hours, actual drying time is 24 hours	Mixing ratio:	paint:curing agent:thinner=2:1:0.3
Substrate treatment:	Before spraying the substrate, the substrate must be cleaned, degreased with degreaser, and polished with 800#~1000# sandpaper. Clean it after polishing, and use degreaser to remove oil again.		
Process:	The spraying process uses wet spraying to spray 2 to 3 layers on the surface of the substrate. Pay attention to leaving 5 to 10 minutes of evaporation time between each two layers. After spraying, the paint film needs to stand for 10 to 15 minutes. Then bake. Thickness in dry film state: 35~50 microns		

#### Product Description

We have meticulously developed a comprehensive supply chain management system to ensure the timely and reliable delivery of premium raw materials. By forging enduring partnerships with trusted suppliers, we guarantee a consistent and high-quality supply chain foundation.

Our production and manufacturing processes are meticulously engineered to enhance efficiency and elevate product quality. Employing sophisticated equipment and cutting-edge technology, we maintain product uniformity and stability. Adhering to stringent quality control measures, we ensure that every stage of production adheres to the highest standards.

Our support infrastructure includes a robust shipping and logistics management system. Collaborating with dependable logistics partners, we facilitate the punctual delivery of customer orders, complete with comprehensive tracking and superior customer service.

We are dedicated to delivering exceptional after-sales service. Our dedicated customer support team is always on hand to address inquiries and provide technical support. Additionally, we offer product usage guides and training sessions to ensure that our customers can confidently and correctly apply our automotive paint products.

Our Blue Phase Special Black automotive paint boasts a profound, luxurious black hue with nuanced blue undertones, bestowing your vehicle with a distinctive and captivating appearance.

Manufactured with premium raw materials and sophisticated formulations, our Blue Phase Special Black automotive coating is characterized by its outstanding durability and scratch resistance, offering effective protection against environmental impacts on vehicle surfaces.

This special black vehicle paint is renowned for its remarkable gloss and light reflection capabilities, enhancing your vehicle's visual appeal with a radiant and eye-catching finish. The high-gloss effect not only makes the vehicle gleam in sunlight but also accentuates its contours and curves.

We are committed to offering cost-effective solutions to our customers. Despite the superior quality and appearance of our Blue Phase Black car paint, we ensure it is competitively priced to cater to a wide range of budgets and customer needs.

Our Blue Phase Black paint can be tailored to meet individual customer specifications. You have the flexibility to select from

various gloss levels, textures, and color nuances to achieve a personalized and unique look for your vehicle.
