Product Description

High Covering Power Refinish Deep and Full Tone Refinish Car Paint P-209 Purple Blue for Vehicles

Product Description

Product Name:	P-209 Purple blue	Specifcatons:	1L/4L/5L
Features:	high covering power, high temperature resistance	Scope of application:	Cars, ships, vehicle, tanks
Color:	Purple blue	Voc:	Low
Storage method:	Store in a cool, dry, ventilated and dark place	Sales scope:	global
Drying time:	surface drying time is 2 hours, actual drying time is 24 hours	Mixing ratio:	paint:curing agent:thinner=2:1:0.3
Substrate treatment:	Before spraying the substrate, the substrate must be cleaned, degreased with degreaser, and polished with 800#~1000# sandpaper. Clean it after polishing, and use degreaser to remove oil again.		
Processes:	The spraying process uses wet spraying to spray 2 to 3 layers on the surface of the substrate. Pay attention to leaving 5 to 10 minutes of evaporation time between each two layers. After spraying, the paint film needs to stand for 10 to 15 minutes. Then bake. Thickness in dry film state: 35~50 microns		

P-209 Purple-blue automotive paint is a sophisticated blend that captures the essence of both purple and blue, infusing your vehicle with an air of nobility, romance, and an enigmatic allure. This dynamic hue shifts and shimmers under varying light conditions, bestowing upon your car a distinctive and ever-changing visual appeal.

Our Meklon purple-blue car paint is crafted with cutting-edge coating technology and premium materials, ensuring its color remains vibrant and consistent over time. It boasts excellent UV resistance, scratch resistance, and fade resistance, safeguarding your vehicle's exterior from the elements and maintaining its pristine appearance.

Customization is at the heart of our service. We offer personalized adjustments to the purple and blue tones, allowing us to create a one-of-a-kind color effect that resonates with your individual style and preferences. This bespoke approach ensures that your vehicle's finish is not only unique but also a reflection of your personal taste. Our customization extends beyond the color ratio, as we also provide the option to personalize cans and packaging, catering to Original Equipment Manufacturer (OME) requirements.

Our advantage

At the core of our operations is a steadfast commitment to quality management. We utilize superior raw materials and sophisticated production technologies to craft exceptional automotive paint products. Rigorous quality control measures and stringent inspection protocols ensure that every batch of our products not only meets but exceeds international standards and customer expectations.

Our dedicated R&D team, in collaboration with skilled technical experts from PPG, is at the forefront of innovation. They tirelessly work to refine and enhance our automotive paint formulas and production methods. Staying abreast of the latest industry trends and technological advancements, we ensure our products are always at the vanguard, adeptly addressing the evolving demands of our clientele.

Equipped with state-of-the-art production equipment and versatile lines, we boast impressive production capabilities and agility. We are adept at swiftly addressing customer needs, efficiently managing large-scale orders, and adeptly accommodating small-batch production to cater to the unique, personalized requirements of our diverse customer base.

Sustainability and environmental stewardship are integral to our ethos. We prioritize the use of eco-friendly materials and processes, minimizing our environmental impact. Adhering to environmental regulations and standards, we are committed to reducing waste and energy consumption, thereby diminishing our ecological footprint.

We place immense value on our partnerships with customers, fostering open communication and actively seeking their input and feedback. Offering comprehensive support from pre-sales to post-sales, we provide technical consultations, product training, and effective solutions to challenges. Our goal is to cultivate enduring, collaborative relationships that pave the way for mutual success and sustainable growth.
