## Product Description

### Highly Durable Toyota 199 Refinish Car Paint Protect Your Car For Years

#### Manufacturer Introduction:

I am an automotive paint manufacturer with my own factory, which covers an area of 3,000 square meters. I have been engaged in the automotive paint industry for 20 years. We have independent laboratories and R&D teams, production teams, sales teams, after-sales teams, etc. We are fully equipped with our own masterbatch charts and color cards. We have independently developed color matching for various types of finished paints, as well as a separate set of finished paints for Russian and Kazakh models. We have a color mixing formula software app. At present, our finished paints are very mature, with monthly sales reaching 5 million.

#### product description:

As a professional car paint manufacturer, we are proud to introduce you to our carefully restored Toyota 199 color car paint. In terms of color, our team has perfectly reproduced the unique charm of Toyota 199 through superb technology and strict color matching process. Whether in the sun or in the shadow, its color can remain bright, pure and lasting, almost indistinguishable from the color of the original car paint, allowing your car to restore its original brilliance.

In terms of quality, we are even more uncompromising. Using high-quality raw materials and advanced production technology, this car paint has excellent weather resistance, corrosion resistance and wear resistance. Whether it is hot summer, cold winter, or wet rainy season, it can always maintain a good condition, effectively resist the erosion of natural factors such as ultraviolet rays and acid rain, and is not easy to fade, peel or bubble.

In terms of price, we have always adhered to the principle of high cost performance. Compared with the same quality products on the market, our Toyota 199 color car paint is more reasonably priced and affordable. You don't need to pay too much for the pursuit of high quality, you can let your car enjoy top-level care.

Choosing our factory's restored Toyota 199 color car paint means choosing quality, choosing affordability, and choosing to give your car a new vitality. Come experience our high-quality products and let your car shine again!

total		100.00%		0.000

#### **Factory History and Achievements:**

Meklon Automotive Paint Manufacturing Factory was established in 2010. Starting from the initial small-scale production, after years of unremitting efforts and continuous development, it has gradually emerged in the automotive paint industry.

In the early days of its establishment, facing fierce market competition and many technical difficulties, we adhered to the persistent pursuit of quality and innovative spirit, and continued to explore and try. By introducing advanced production technology and equipment and cultivating professional technical personnel, we have gradually accumulated rich production experience and professional knowledge. We continue to increase investment in research and development and are committed to improving product quality and performance. After countless experiments and improvements, we have successfully launched a series of automotive paint products with independent intellectual property rights, covering a variety of colors and functions, meeting the diverse needs of different customers.

In the past few decades, our factory has achieved many remarkable achievements. Our automotive paint products have not only been widely recognized and praised in the domestic market, but also successfully exported to many countries and regions, winning the favor of the international market.

We have established long-term and stable cooperative relations with many well-known automobile manufacturers, providing them with high-quality automotive paint solutions. At the same time, we actively participate in the formulation of industry standards and promote the advancement of industry technology, making important contributions to the development of the entire automotive paint industry.

Looking back on the past, we are deeply proud; looking forward to the future, we are full of confidence. We will continue to uphold the business philosophy of "quality first, innovation driven, customer first", constantly improve our own strength, provide customers with better products and services, and create more brilliance for the development of the automotive paint industry!
