Product Description

High Quality Finished Automotive Paint That Matches The Original Factory Color - Produced By Meklon Automotive Paint Factory

Manufacturer Introduction

I am an automotive paint manufacturer with my own factory, which covers an area of 3,000 square meters. I have been engaged in the automotive paint industry for 20 years. We have independent laboratories and R&D teams, production teams, sales teams, after-sales teams, etc. We are fully equipped with our own masterbatch charts and color cards. We have independently developed color matching for various types of finished paints, as well as a separate set of finished paints for Russian and Kazakh models. We have a color mixing formula software app. At present, our finished paints are very mature, with monthly sales reaching 5 million.

Toyota 1E0 dark gray		
Code	Name	Proportion

150	1K Color Control Agent	1.15%
102	1K Extra White	0.38%
Total		100.00%

Factory History and Achievements

Meklon Automotive Paint: Originated in 2010, an industry innovator specializing in quality

Since its establishment in 2010, Meklon Automotive Paint Manufacturing Plant has steadily risen in the industry after years of unremitting efforts and continuous development, starting from a start-up scale.

Faced with fierce market competition and technological challenges in the early stages, we have adhered to the persistent pursuit of quality and innovative spirit, gradually accumulating rich production experience and industry awareness. With continuous R&D investment, we have successfully launched a full range of automotive paint products with independent intellectual property rights, covering multiple colors and functions, to meet the diversified needs of the market.

For decades, our products have not only been widely recognized in the domestic market, but have also been successfully exported to multiple countries, winning the favor of international customers. We have established long-term and stable cooperative relationships with multiple well-known automobile manufacturers, providing high-quality coating solutions, and actively participating in industry standard setting and technology promotion, contributing to the overall development of the automotive paint industry.

Looking ahead to the future, we will continue to uphold the concept of "quality first, innovation driven, and customer first", continuously improve our own strength, and work together with customers to create new brilliance in the industry with better products and services.
