

High-Performance Toyota 1B2 Gold Refinish Car Paint Formula for repair

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: Toyota 1B2
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Name: Toyota 1B2 Gold
- Durability: Long-lasting And Reusable
- Main Raw Materials: Resine, Solvent, Pigment, LPG
- Product Usage: Exterior Car Cleaning
- Special Features: Scratch-free And Streak-free Formula
- Colors: Gold
- Application Area: Chemical
- Mixer Type: Static Mixers
- Storage: Cool And Dry Place
- Function: Cleaning
- Highlight: High Performance Refinish Car Paint, 1B2 Gold Refinish Car Paint, Repair Refinish Car Paint

Product Description

High-Performance Toyota 1B2 Gold Refinish Car Paint Formula For Repair

Manufacturer Introduction:

I am an automotive paint manufacturer with my own factory, which covers an area of 3,000 square meters. I have been engaged in the automotive paint industry for 20 years. We have independent laboratories and R&D teams, production teams, sales teams, after-sales teams, etc. We are fully equipped with our own masterbatch charts and color cards. We have independently developed color matching for various types of finished paints, as well as a separate set of finished paints for Russian and Kazakh models. We have a color mixing formula software app. At present, our finished paints are very mature, with monthly sales reaching 5 million.

product description:

We are a professional car paint manufacturer, and here we introduce our carefully restored Toyota 1B2 champagne gold car paint.

In terms of color, we have perfectly reproduced this unique and charming champagne gold with superb color matching technology and strict quality control. Its color is warm and elegant, shining delicately in the sun, and it is very similar to the 1B2 champagne gold color of Toyota's original car, which can instantly restore your car to its original style.

In terms of quality, Meklon uses high-quality raw materials and advanced production technology to ensure the durability, wear resistance and corrosion resistance of the paint surface. Our car paint has excellent adhesion and can adhere to the car body for a long time, providing reliable protection for your car.

| Toyota 1B2 champagne gold | | | | |
|---------------------------|-------------------------|------------|-------|--------|
| code | name | Proportion | price | Amount |
| 412 | Medium silver | 39.08% | | 0.00 |
| 104 | 1K black | 24.72% | | 0.00 |
| 128 | 1K transparent iron red | 2.12% | | 0.00 |
| 130 | 1K frost blue | 2.17% | | 0.00 |
| 313 | young green pearl | 20.48% | | 0.00 |
| 311 | young blue pearl | 10.83% | | 0.00 |
| 125 | 1K bright red | 0.30% | | 0.00 |
| 102 | 1K extra white | 0.30% | | 0.00 |
| total | | 100.00% | | 0.000 |

It has excellent leveling performance. During the construction process, it can be evenly distributed on the surface of the car body, forming a smooth mirror effect, without any sag, orange peel and other defects, making the car body lines more smooth and beautiful.

Weather resistance is outstanding. Whether it is hot summer, cold winter, or changeable climate conditions, this paint can maintain the bright color and integrity of the paint surface, and resist the erosion of natural factors such as ultraviolet rays and acid rain for a long time.

Moreover, not only Toyota 1B2 Champagne Gold, our factory also has a rich product line that can restore various colors of various models. No matter what brand, model, or color your car is, we can provide you with a precisely matched car paint.

In terms of price, we have been committed to providing customers with cost-effective products. While ensuring high quality, we optimize production and management to bring you very competitive prices.

If you have a need for car paint, please feel free to contact us. We will serve you wholeheartedly and make your car shine again!

Looking forward to your call!

Our advantages:

Ensure that customers can get timely and professional support in the process of consulting, purchasing and using products.

Take customer opinions and suggestions seriously and continuously improve products and services.

Meklon continues to improve product quality to ensure color accuracy, durability and environmental protection. And continue to develop new colors and products to meet the diverse needs of the market.

We provide free samples and trials. For potential large customers or companies with cooperation intentions, we provide free sample trials to experience the advantages of the products firsthand.

Factory History and Achievements:

Meklon Automotive Paint Manufacturing Factory was established in 2010. Starting from the initial small-scale production, after years of unremitting efforts and continuous development, it has gradually emerged in the automotive paint industry.

In the early days of its establishment, facing fierce market competition and many technical difficulties, we adhered to the persistent pursuit of quality and innovative spirit, and continued to explore and try. By introducing advanced production technology and equipment and cultivating professional technical personnel, we have gradually accumulated rich production experience and professional knowledge. We continue to increase investment in research and development and are committed to improving product quality and performance. After countless experiments and improvements, we have successfully launched a series of automotive paint products with independent intellectual property rights, covering a variety of colors and functions, meeting the diverse needs of different customers.

In the past few decades, our factory has achieved many remarkable achievements. Our automotive paint products have not only been widely recognized and praised in the domestic market, but also successfully exported to many countries and regions, winning the favor of the international market.

We have established long-term and stable cooperative relations with many well-known automobile manufacturers, providing them with high-quality automotive paint solutions. At the same time, we actively participate in the formulation of industry standards and promote the advancement of industry technology, making important contributions to the development of the entire automotive paint industry.

Looking back on the past, we are deeply proud; looking forward to the future, we are full of confidence. We will continue to uphold the business philosophy of "quality first, innovation driven, customer first", constantly improve our own strength, provide customers with better products and services, and create more brilliance for the development of the automotive paint industry!
