

High-Performance Car Paint Thinner For Meklon S F-8300 Silver Diamond Clear Coat

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: F-602
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

Product Specification

- Brand: Faralli Series
- Color: Transparent
- Name: Universal Thinner
- Net Weight: 0.95KG
- Chemical Resistance: Good
- Drying Time: Fast/Standard/Slow
- Durability: High
- Ease Of Application: Easy
- Finish: Glossy
- Highlight: **High Performance Car Paint Thinner, Fast Drying Car Paint Thinner**

Product Description

Highly Compatible Car Paint Thinner for Meklon s Paint Products

Company Profile

Meklon, a distinguished manufacturer in the automotive paint industry, prides itself on offering an extensive portfolio of high-quality car paints under six distinct brands: CarCharm, Poshiche, Faralli, Meishilianke, Meiguanda, and Meklon. Each brand is uniquely presented with its own specialized packaging and distinct properties, catering to a diverse range of customer preferences and automotive finishing requirements.

At the heart of Meklon's innovation is its dedicated Research & Development (R&D) team, comprised of seasoned R&D engineers. This expert team is instrumental in developing a comprehensive spectrum of automotive paints, ranging from economy to premium grades, meticulously designed to meet rigorous quality standards. Among its notable offerings is the F-8300 Silver Diamond Clear Coat, a product that epitomizes medium-tier excellence in automotive paint technology. This specific product stands out for its outstanding gloss, durability, and resistance to environmental factors, embodying the company's commitment to quality and innovation in automotive coatings.

Manufacturer

Product Description

Model NO.	F-602
Certification	ISO14001, ISO9001
Substrate	Iron
Components	Solvent
Formation Mechanism	Conversion Type
Delivery	7 - 14 Days After Order Confirmed
Shelf Life	2 Years
Usage	Car Refinish Paint
Transport Package	Standard Export Carton with Pallets
Specification	1L, 3.75L / 2L, 2.5L / 4L, 5L
Trademark	Meklon
Origin	China
HS Code	3208
Production Capacity	2000

Meklon, renowned for its premium automotive paint range, offers a line of specially engineered thinners, crafted to seamlessly blend with its selection of basecoats, topcoats, and clearcoats. Utilizing a thinner that is meticulously aligned with Meklon's products guarantees a superior finish and enduring paint quality.

Key organic solvents like toluene and xylene are integral components of Meklon Automotive Paint Thinners. Their excellent solubility and optimal evaporation rate expertly modify the paint to the ideal consistency for application, ensuring a smooth, even spray. Safety remains paramount when

handling such organic solvents; it is imperative to follow stringent safety protocols and operate in environments that are properly ventilated.

Beyond mere dilution, the Meklon range incorporates a suite of additives and conditioners to enhance the paint's finish and functional attributes.

Rheology modifiers are employed to fine-tune the viscosity and flow, optimizing the application for stellar spray dynamics. The inclusion of stabilizers such as anti-settling agents, UV absorbers, and moisture scavengers escalates the paint film's resistance to environmental factors, augmenting the overall quality and longevity of the automotive coating.
