Product Description

Benz 189 Black Blue Pearl Ready Mix Car Paint

Manufacturer Introduction:

Meklon is an excellent automobile paint manufacturer. The automobile paint manufacturing plant covers an area of 3,000 square meters. It is a modern production base integrating innovation, efficiency and quality. Meklon has research department, testing department, production department, sales department, after-sales department, etc. The production is strict and orderly, with monthly sales of 10 containers. Auto paint dealers and auto repair shops from all over the world like it.

In the field of car beauty and protection, Meklon has always been committed to the innovation and development of car paint. It has highly official car paints of various models and various colors of various models, its own mixing formula system, color cards, tinting guides, and its car paint finished paints are a combination of advanced technology and exquisite craftsmanship.

Product Introduction:

We are a car paint manufacturer. Our independent engineers developed the Benz 189 Black Blue Pearl. After many tests and effect comparisons, etc., we developed this car paint with no color difference, good quality, good leveling, and easy spraying. Mercedes Benz 189 Black Blue Pearl car paint offers a unique and attractive combination of black and blue with a pearl effect, adding depth and elegance to any vehicle. The black blue pearl finish gives a luxurious and sophisticated feel, making your car stand out on the road.

Meklon paint withstands a variety of environmental conditions, ensuring long-lasting durability. It resists fading, chipping and peeling, providing your vehicle with lasting beauty.

The leveling of this Mercedes Benz 189 Black Blue Pearl car paint is very good. It spreads evenly on the surface to form a smooth and seamless finish. This not only enhances the appearance, but also adds a professional touch to the paint job.

Meklon car paint is very hot-selling and is loved by dealers all over the world because it is easy to spray and convenient for professional painters and DIY enthusiasts to use. Spraying ensures even coverage and allows for a hassle-free painting process, which makes dealers' business very good and promotes good business.

Mercedes-Benz 189 Black Blue Pearl car paint has accurate color and high-quality formula, which is the first choice for those looking for quality car painting solutions, so the monthly export volume reaches 5000L.

111	1K brilliant blue	13.34%		0.00
103	1K frost blue	1.66%		0.00
119	1K purple	7.00%		0.00
	total	100.00%		0.000

Car care paint advantages:

Quality: Meklon's automotive coatings are well known for their superior quality. Meklon is carefully developed and manufactured to provide excellent coating results and long-term durability. Products undergo strict quality control to ensure compliance with industry standards and meet the high demands of customers.

Competitive prices: Meklon's automotive coatings are reasonably priced, and through effective production and supply chain management, the company is able to provide cost-effective products to meet customer needs and remain competitive in the market.

Complete supporting system: Meklon's automotive coatings have a complete supporting system for finished paint products, providing a variety of models and colors, and there are supporting formula software. Comprehensive solutions can be provided, including high-precision coating color matching, coating process support, technical training and after-sales service. Our automotive refinishing company is committed to building long-term relationships with customers, providing them with full support and assistance to ensure that they get the best results when using our products.

Feedback from a car paint dealer in Mexico:

As someone who has been in the automotive paint wholesale industry for many years, I have been looking for a high-quality and stable automotive paint supplier. Since cooperating with Meklon, I have completely solved this problem.

Meklon's automotive refinishing paint has rich and accurate colors, it is also very durable and has quality assurance.

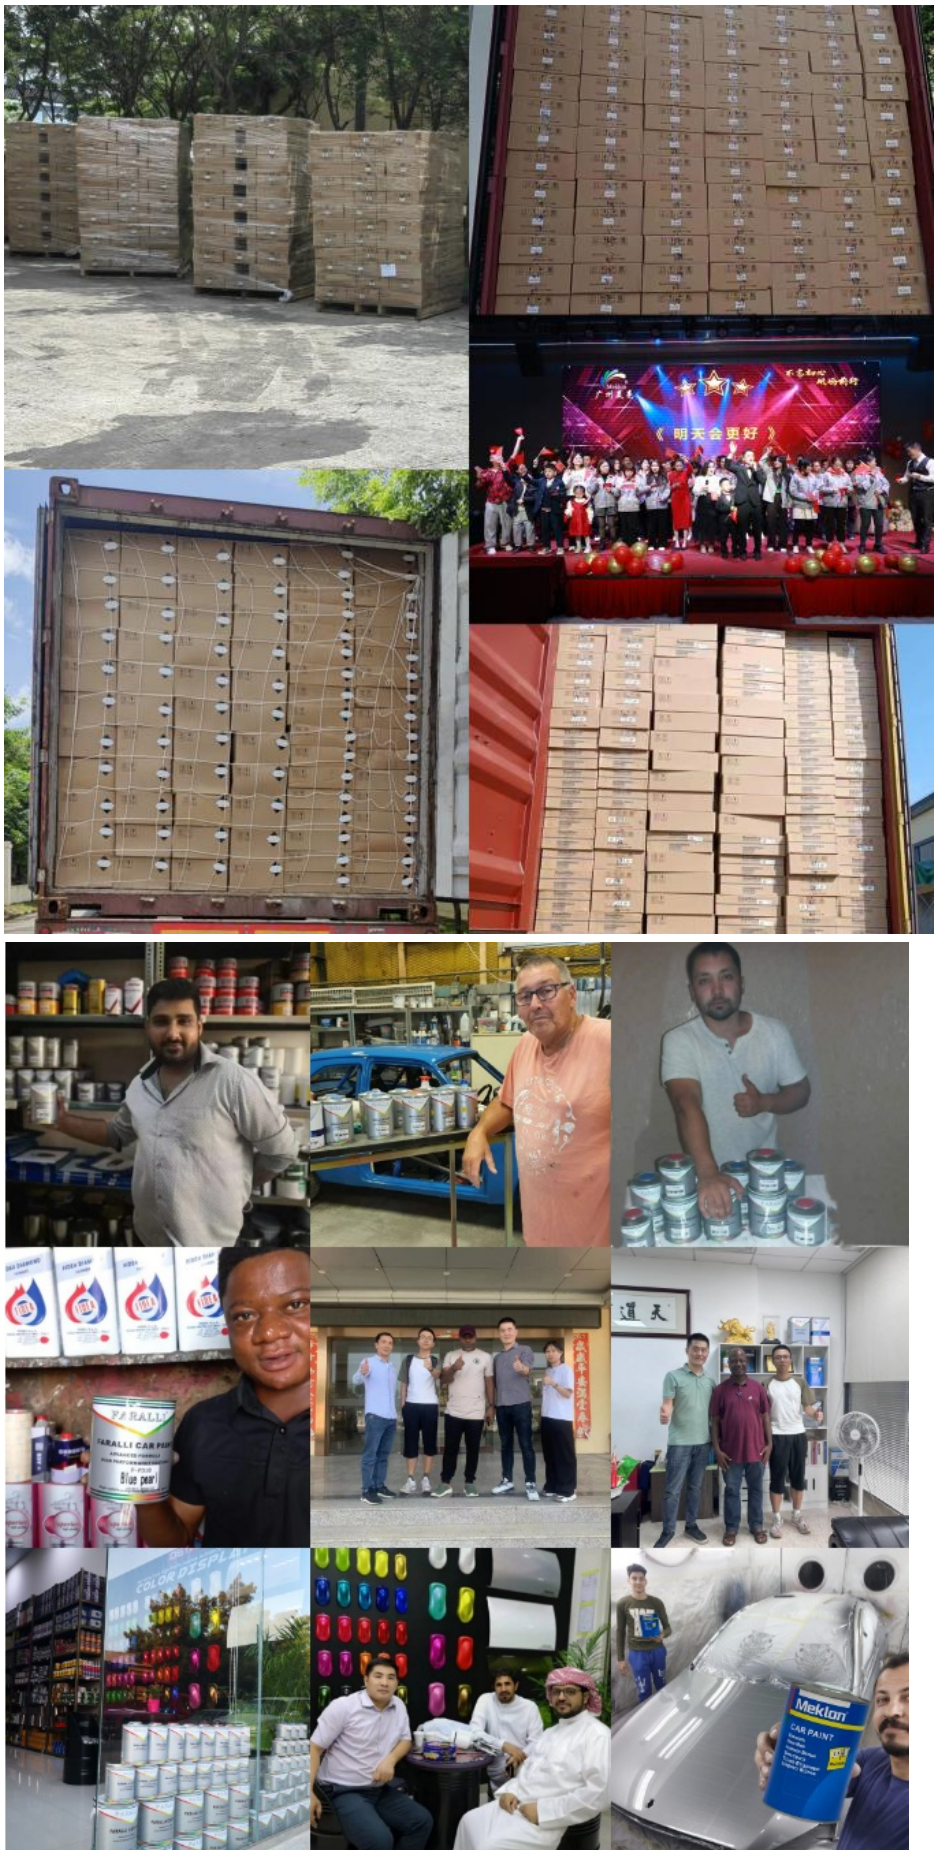

Not only that, Meklon's service is also excellent, their technical support team is always able to answer our questions in a timely manner and provide professional painting suggestions. This has greatly improved our business. I have grown from a small shop to a large one. Now we have been cooperating for nearly 10 years. My business has become one of the top 100 in our country. Now I import 2 containers from Meklon every month.

I believe that as long as I continue to cooperate with Meklon, my business will definitely get better and better.

Feedback from a customer from Iraq:

Meklon's car paint is affordable and of good quality. We use their cost-effective car paint instead of expensive products from big brands, which makes us gain a lot of profit and makes our business better and better.

I will trust Meklon for a long time and cooperate with Meklon for a long time!
