**Competitive prices:** Meklon's automotive coatings are reasonably priced, and through effective production and supply chain management, the company is able to provide cost-effective products to meet customer needs and remain competitive in the market.

**Complete supporting system:** Meklon's automotive coatings have a complete supporting system for finished paint products, providing a variety of models and colors, and there are supporting formula software. Comprehensive solutions can be provided, including high-precision coating color matching, coating process support, technical training and after-sales service. Our automotive refinishing company is committed to building long-term relationships with customers, providing them with full support and assistance to ensure that they get the best results when using our products.

## Feedback from a car paint dealer in Mexico:

As someone who has been in the automotive paint wholesale industry for many years, I have been looking for a high-quality and stable automotive paint supplier. Since cooperating with Meklon, I have completely solved this problem.

Meklon's automotive refinish paint has rich and accurate colors, it is also very durable and has quality assurance.

Not only that, Meklon's service is also excellent, their technical support team is always able to answer our questions in a timely manner and provide professional painting suggestions. This has greatly improved our business. I have grown from a small shop to a large one. Now we have been cooperating for nearly 10 years. My business has become one of the top 100 in our country. Now I import 2 containers from Meklon every month.

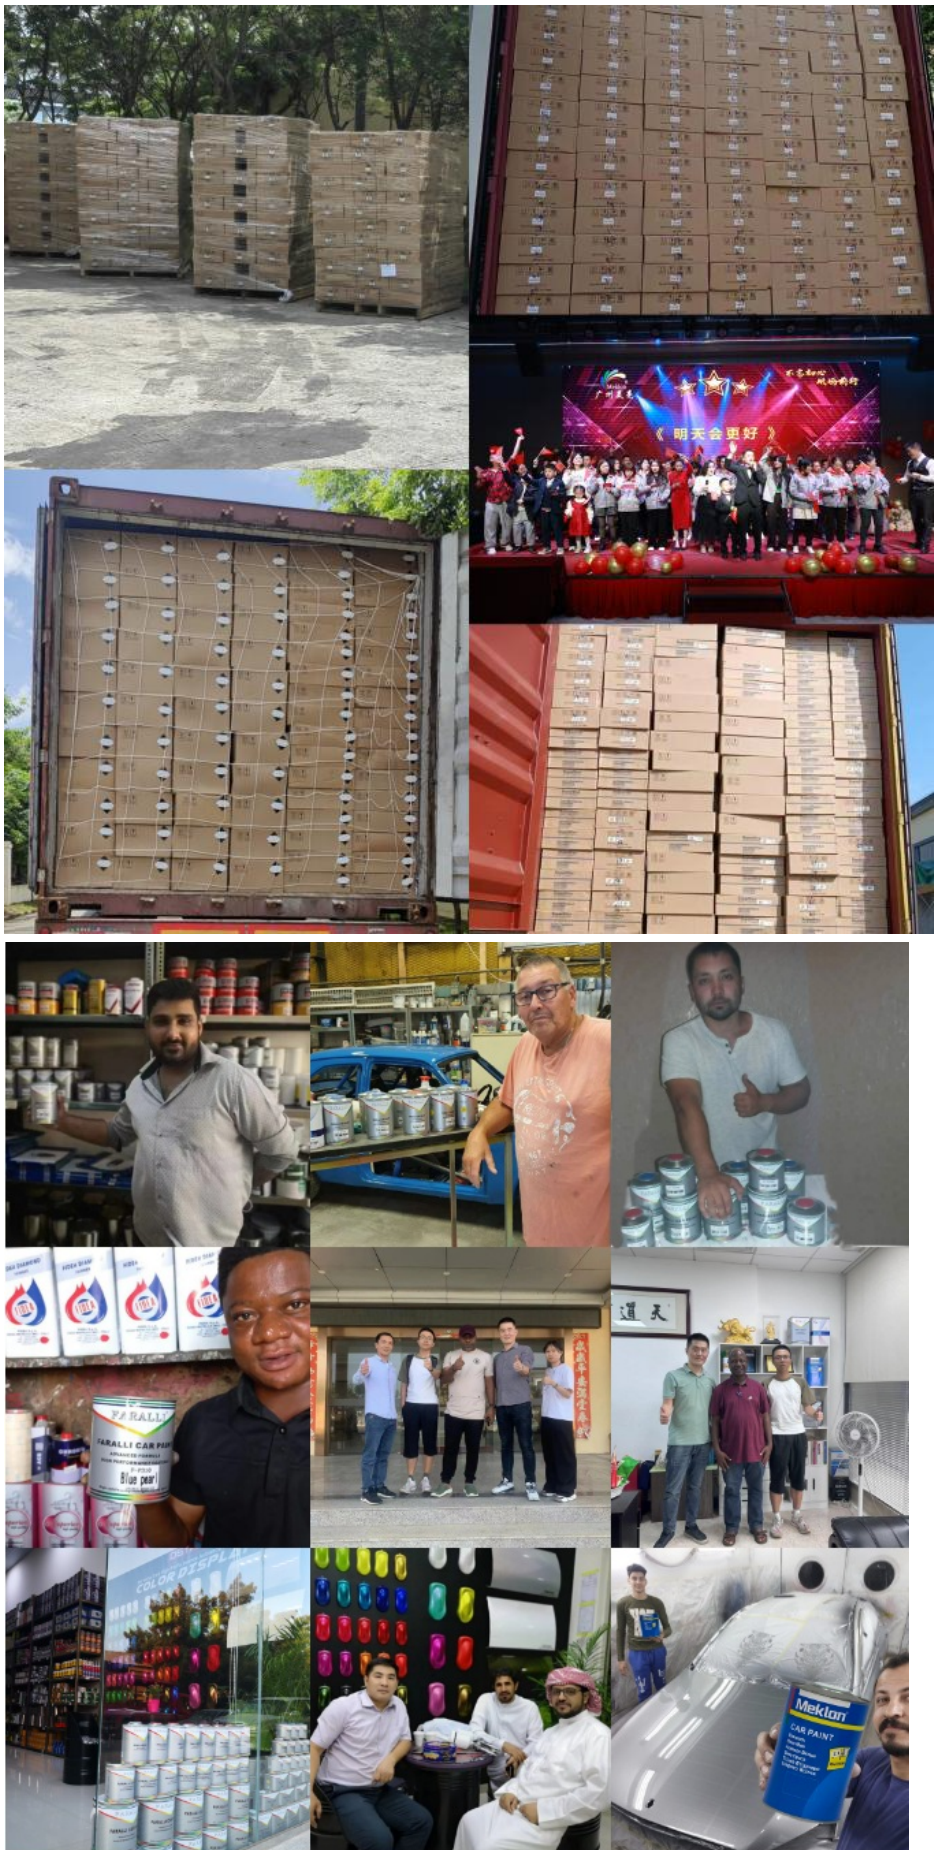

I believe that as long as I continue to cooperate with Meklon, my business will definitely get better and better.

## Feedback from a customer from Iraq:

Meklon's car paint is affordable and of good quality. We use their cost-effective car paint instead of expensive products from big brands, which makes us gain a lot of profit and makes our business better and better.

I will trust Meklon for a long time and cooperate with Meklon for a long time!
