Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: 350R
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

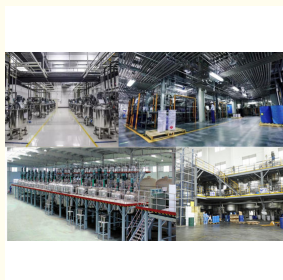

Product Specification

- Name: Putty
- Specification: 4LX4
- Net Weigh: 3.6KG
- Material: Polyester
- Durability: Long-lasting And Reusable
- Sanding: Easy
- Application: Automotive Repair
- Dry Time: 1-2 Hours
- Hardness: High
- Main Raw Materials: Resine, Solvent, Pigment, LPG
- Surface Finish: Smooth
- Heat Resistance: Up To 120°C
- Flexibility: High
- Curing Time: 30 Minutes
- Coverage: 1.5 Square Meters Per Liter

Product Description

Company Profile

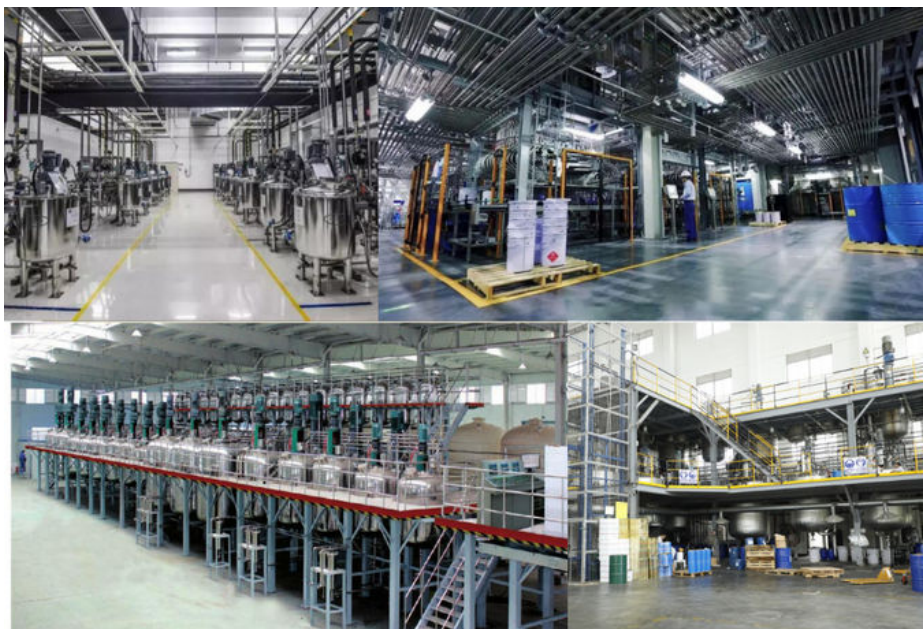

Meklon - an outstanding manufacturer in the field of automotive repair materials, has been committed to providing high-quality Polyester putty products to customers around the world since 2010.

We have advanced and complete production equipment to ensure that every production link is accurate and efficient. An experienced team of engineers is one of our core competitiveness. With years of professional knowledge and practical experience, they continue to develop and innovate, optimize product performance to meet the diverse needs of different customers.

The perfect industrial chain enables us to strictly control every link from raw material procurement to finished product delivery, ensuring stable and reliable product quality. Over the years, our products have been sold all over the world and won wide praise and trust from customers.

Product Introduction - Polyester putty

Excellent quality

Our Polyester putty is carefully made of high-quality raw materials and has excellent filling performance. It can effectively fill the depressions and flaws on the surface of the car, providing a smooth and flat base for the subsequent painting process. It has a high degree of adhesion and can be firmly attached to various car surface materials to ensure that the repair effect is long-lasting and stable

Easy to apply: The product has a fine texture and is easy to apply and polish. Whether it is a professional car repair technician or a DIY enthusiast, it can easily get started. The quick drying feature saves construction time and improves work efficiency

Durability: After strict quality testing, it has good weather resistance and corrosion resistance, can maintain excellent performance in various harsh environments, and is not prone to cracking and falling off after long-term use, providing reliable protection for your car

Wide applicability: Suitable for various types of cars, including cars, trucks, motorcycles, etc., and can be used for repairing different parts, such as car bodies, bumpers, wheels, etc.

Purchasing advantages

Rich production and R&D experience: Since 2010, Meklon has focused on the production and development of Polyester putty, and has accumulated valuable experience and expertise, and can provide you with high-quality products and professional technical support.

Advanced equipment and technology: We have complete production equipment and advanced production technology to ensure that the quality and performance of our products are always at the leading level in the industry.

Perfect industrial chain: From raw material procurement to finished product delivery, we strictly control every link to ensure

stable and reliable product quality, while reducing costs and providing you with more competitive prices.

Global export experience: Over the years, our products have been exported to all over the world and have won the trust and praise of customers from all over the world. We are familiar with the market needs and standards of different countries and regions and can provide you with personalized solutions.

High-quality customer service: We focus on customer experience and provide high-quality pre-sales, in-sales and after-sales services. Our professional team is always available to answer your questions, provide technical support and solutions, and ensure that your procurement process is smooth and worry-free.
