

High-Performance Car Paint Putty Automotive Paint Effect

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: 350R
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

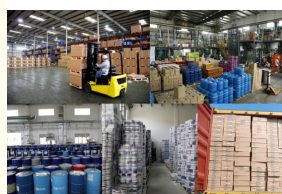

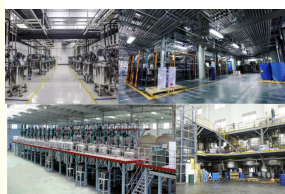

Product Specification

- Name: Putty
- Specification: 4LX4
- Net Weigh: 3.6KG
- Material: Polyester
- Durability: Long-lasting And Reusable
- Sanding: Easy
- Application: Automotive Repair
- Dry Time: 1-2 Hours
- Hardness: High
- Main Raw Materials: Resine, Solvent, Pigment, LPG
- Surface Finish: Smooth
- Heat Resistance: Up To 120°C
- Flexibility: High
- Curing Time: 30 Minutes
- Coverage: 1.5 Square Meters Per Liter

Product Description

Company Profile

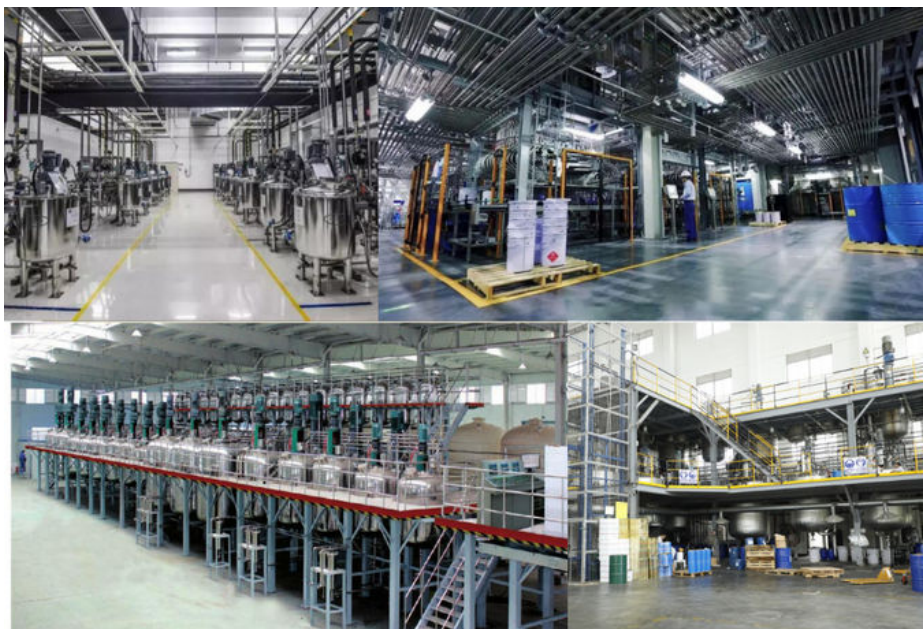

Meklon - an outstanding manufacturer in the field of automotive repair materials, has been committed to providing high-quality Polyester putty products to customers around the world since 2010.

We have advanced and complete production equipment to ensure that every production link is accurate and efficient. An experienced team of engineers is one of our core competitiveness. With years of professional knowledge and practical experience, they continue to develop and innovate, optimize product performance to meet the diverse needs of different customers.

The perfect industrial chain enables us to strictly control every link from raw material procurement to finished product delivery, ensuring stable and reliable product quality. Over the years, our products have been sold all over the world and won wide praise and trust from customers.

Product Introduction - Polyester putty

As a professional automotive paint manufacturer, we are committed to providing customers with high-quality putty and eye filler products. These products play a vital role in the field of automotive repair and painting, and can help you achieve a perfect paint effect.

Product Quality

Selected raw materials: We strictly select high-quality raw materials to ensure that putty and eye filler have excellent adhesion, filling and durability.

Advanced production technology: The use of advanced production technology and strict quality control system ensures that each batch of products meets high standards of quality requirements.

Rigorously tested: Our products have undergone a number of rigorous tests, including hardness tests, adhesion tests, weather resistance tests, etc., to ensure that they can perform well in various environments.

Shelf life

Our putty and eye filler products have a long shelf life and can maintain stable performance for up to 3 years if stored correctly. This gives you enough time to use and sell the products and reduces the risk of inventory loss.

Effect

Filling: It can effectively fill small dents and scratches on the surface of the car, making the paint surface smoother and smoother.

Strong adhesion: tightly bonded with car paint, not easy to fall off, ensuring the durability of the repaired paint surface.

Good polishing: easy to polish, can quickly achieve the required flatness, improve work efficiency.

Weather resistance

Our products have excellent weather resistance and can withstand the influence of various harsh environments such as ultraviolet rays, high temperature, low temperature, humidity, etc. Whether in hot summer or cold winter, they can maintain stable performance without problems such as cracking and discoloration.

Hot sales and popularity

Our putty and eye filler products are very popular in the market and have been well received by customers. Many auto repair shops, auto beauty shops and dealers choose our products because they know that our products are reliable in quality and excellent in effect. Our products have won the trust and favor of customers with their excellent performance and high cost performance.

Our product sales have remained at a high level, thanks to our continuous efforts to improve product quality and service level. We have established long-term and stable cooperative relationships with many dealers, jointly developed the market, and achieved mutual benefit and win-win results.

Benefits to Dealers

High-quality products: We provide high-quality putty and eye-filling products to help dealers improve customer satisfaction and establish a good reputation.

Large market demand: The demand for putty and eye-filling in the automotive repair and painting market continues to grow, bringing a broad market space for dealers.

Profit space: We offer competitive prices to bring dealers a generous profit space.

Professional support: We provide dealers with professional technical support and training to help them better understand and sell our products.

Brand influence: Our brand has a high reputation and reputation in the market, bringing more business opportunities to dealers.
