Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: 130
- Minimum Order Quantity: 200L
- Price: 4.76USD/L-5.39USD/L
- Packaging Details: Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

Product Specification

- Brand: Meklon
- Color: Purple
- Code: 130
- Net Weight: 0.95
- Drying Time: 2-3 Hours
- Durability: High
- Heat Resistance: Good
- Product Name: Ready Mixed Car Paint
- Weather Resistance: Good
- Application Method: Brush/Roller/Spray
- Highlight: 1K Refinish Auto Paint,
Solid Color Refinish Auto Paint

Product Description

Meklon1K Auto Automotive Refinish Car Paint Top Coat Acrylic Solid Colors Car Paint

Company Overview:

Meklon stands out as a premier manufacturer of automotive paints, operating from a state-of-the-art production facility spanning 3,000 square meters. This modern manufacturing hub is a testament to our commitment to innovation, efficiency, and quality. Our company is structured with dedicated departments including research, testing, production, sales, and after-sales support, ensuring a comprehensive approach to our operations. We maintain a disciplined production process, achieving an average monthly output of 10 containers, which is well-received by automotive paint distributors and repair centers globally.

Meklon is dedicated to the advancement and innovation in the realm of automotive aesthetics and protection. We offer an extensive range of high-quality car paints, catering to various models and color options. Our proprietary mixing formula system, color cards, and tinting guides are at the forefront of our industry. The finished automotive paints we produce are a fusion of cutting-edge technology and meticulous craftsmanship, setting a new standard in the market.

Product Introduction:

We are a car paint manufacturer. Our independent team of engineers has developed a touch-up paint for the Purple Pearl color on vehicles. After numerous tests and comparison of effects, this car paint has been perfected.

Purple Pearl car paint is renowned for its impeccable color matching. There is virtually no discernible difference in color, ensuring that the repair area blends seamlessly with the original paintwork. This is crucial for achieving a professional and aesthetically pleasing finish, which is highly favored by automotive spray painters.

Made from high-quality materials, Purple Pearl car touch-up paint can withstand the demands of daily use and exposure to the elements. The paint is highly durable and resistant to fading, chipping, and peeling, providing enduring protection for the vehicle.

This paint boasts excellent flowability. It spreads evenly and smoothly on the surface, creating a beautiful, flat finish. This not only enhances the vehicle's appearance but also simplifies and expedites the painting process.

Moreover, it is very easy to apply. Both professional painters and DIY enthusiasts will find this paint user-friendly and consistent. Its sprayability makes it quick and easy to apply, conserving time and effort. Additionally, it has a long shelf life of 2-5 years and can be stored in a well-ventilated, dry, and cool place.

Car care paint advantages:

Excellence in Automotive Coatings: Meklon is recognized for its top-tier automotive coatings, meticulously crafted for superior finish and enduring resilience. Our products are subjected to rigorous quality control processes to guarantee adherence to industry benchmarks and to satisfy the discerning expectations of our clientele.

Affordability with Value: Meklon offers automotive coatings at competitive prices. By optimizing our production and supply chain management, we deliver cost-effective solutions that cater to our customers' needs while maintaining a strong market presence.

Comprehensive Support System: Meklon's automotive coatings are backed by a comprehensive support system for finished paint products. We offer a wide array of models and colors, along with formula software support. We are dedicated to providing holistic solutions, including precise color matching for coatings, process support, technical training, and after-sales service. Our goal is to foster enduring partnerships with our customers, offering them comprehensive support and assistance to ensure optimal outcomes with our products.
