

## Highly Durable High Gloss Car Paint 2K Solid Color Coating Basecoat Car Paint

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: 220
- Minimum Order Quantity: 200L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

### Product Specification

- Name: Toyota 057
- Durability: Long-lasting And Reusable
- Main Raw Materials: Resine, Solvent, Pigment, LPG
- Product Usage: Exterior Car Cleaning
- Special Features: Scratch-free And Streak-free Formula
- Colors: More Than 100 Colors
- Application Area: Chemical
- Mixer Type: Static Mixers
- Working: Agitator
- Storage: Cool And Dry Place
- Function: Cleaning
- Highlight: **Highly Durable Car Paint, High Gloss Car Paint, 2K Solid Color Car Paint**

## Product Description

### Highly Durable High Gloss Car Paint 2K Solid Color Coating Basecoat Car Paint

#### Manufacturer Introduction:

As an established automotive paint manufacturer with a sprawling 3,000 square meter factory, we bring two decades of expertise to the automotive paint industry. Our comprehensive facility houses state-of-the-art laboratories and boasts dedicated R&D, production, sales, and after-sales teams, ensuring a seamless operation from innovation to service. We pride ourselves on our proprietary masterbatch charts and color cards, which are the result of our independent development efforts. Our color matching technology is advanced, catering to a diverse range of finished paint types. We also offer a specialized line of finished paints tailored for Russian and Kazakh models, demonstrating our commitment to meeting regional specificities.

Innovating further, we have developed a color mixing formula software application, streamlining the process of achieving the perfect paint match. Our finished paints have reached a high level of maturity in the market, with monthly sales volumes impressively reaching 5 million, reflecting our industry leadership and customer satisfaction.

#### product description:

Orange car paint, to be precise, is "Orange Pearl (041)" color car paint. Color characteristics: This orange hue offers a distinctive visual impact and is highly recognizable. Under varying lighting conditions, the depth and tone of its color will shift, showcasing a rich sense of depth and conveying an impression of sophistication and stability. Quality and performance: Good covering power: It efficiently conceals surface imperfections and the underlying body color, resulting in a more uniform and smooth paint finish. Good weather resistance: It endures the daily elements of wind, sun, and rain, resisting fading or discoloration, and maintaining color vibrancy and gloss over time. Scratching and wear resistance: It possesses notable resistance to minor scratches and wear, shielding the car body surface from the wear and tear of regular use. Applicable models and repairs: Specific models of utilize this 041 Orange car paint. For vehicles with scratches, dents, or other paint damages, a specialized Toyota 041 Orange touch-up paint product can be employed for repairs. Touch-up paint products are typically available in two forms: brush-on and aerosol spray. Small scratches or peeling can be addressed with a brush for near-invisible repairs; for larger damaged areas, the aerosol spray is the preferred choice. Environmental protection: It is a water-based automotive paint, an eco-friendly option with low volatile organic compound (VOC) content, minimizing its environmental and health impact. In summary, Orange car paint excels in color, quality, and applicability, standing out within Toyota's range of automotive paint colors. However, for painting or touch-up work on your vehicle, it is advisable to select a professional auto repair shop or paint service provider to ensure optimal paint effect and quality.

#### Factory History and Achievements:

Established in 2010, Meklon Automotive Paint Manufacturing Factory has risen through the ranks of the automotive paint industry through relentless dedication and evolution. Faced with intense market competition and technical challenges in our early years, we remained steadfast in our commitment to quality and innovation, persistently exploring and experimenting. By integrating advanced production technologies, equipment, and nurturing a team of skilled professionals, we have amassed extensive production expertise and technical knowledge. Our ongoing investment in R&D focuses on enhancing product quality and performance, leading to the successful launch of a diverse range of automotive paint products with our own intellectual property, catering to the varied demands of our customers. Over the past decades, Meklon has achieved significant milestones. Our automotive paint products have garnered widespread acclaim domestically and have made their mark internationally, with successful exports to numerous countries and regions, earning global recognition. We have forged enduring partnerships with several prominent automobile manufacturers, offering them superior automotive paint solutions. Additionally, we are actively involved in setting industry standards and driving technological progress, contributing significantly to the growth of the automotive paint sector.

Reflecting on our journey, we take immense pride in our accomplishments; Looking to the future, we are full of confidence. We will continue to uphold the business philosophy of "quality-oriented, innovation-driven, customer-oriented", continuously improve our own strength, and provide customers with more High-quality products and services will create greater glory for the development of the automotive coatings industry.
