## Product Description

### 1K Red Car Refinish Paint Independent R D And Production Teams With Masterbatch Charts And Color Cards

#### Product Description

- Quality: Made of high-quality raw materials, it has excellent adhesion and durability, and can effectively repair small scratches and wear.
- Effect: The repaired surface is smooth and consistent, with bright color, which can effectively cover scratches and enhance the appearance of the vehicle.
- Storage conditions: It is recommended to store in a cool and dry place, avoid direct sunlight and high temperature, and ensure good sealing to maintain product quality.
- Shelf life: Usually 36 months, but under proper storage conditions, the shelf life may be extended.
- Hot selling situation: Due to its convenient and practical repair effect and wide range of applications, 1K Red Car Refinish Paint is very popular in the market and is deeply loved by dealers and paint shops and repair paint shops.

#### Factory History and Achievements

Meklon Automotive Paint Manufacturing Factory was established in 2010. Starting from the initial small-scale production, after years of unremitting efforts and continuous development, it has gradually emerged in the automotive paint industry.

In the early days of its establishment, facing fierce market competition and many technical difficulties, we adhered to the persistent pursuit of quality and innovative spirit, and continued to explore and try. By introducing advanced production technology and equipment and cultivating professional technical personnel, we have gradually accumulated rich production experience and professional knowledge. We continue to increase investment in research and development and are committed to improving product quality and performance. After countless experiments and improvements, we have successfully launched a series of automotive paint products with independent intellectual property rights, covering a variety of colors and functions, meeting the diverse needs of different customers.

In the past few decades, our factory has achieved many remarkable achievements. Our automotive paint products have not only been widely recognized and praised in the domestic market, but also successfully exported to many countries and regions, winning the favor of the international market.

We have established long-term and stable cooperative relations with many well-known automobile manufacturers, providing them with high-quality automotive paint solutions. At the same time, we actively participate in the formulation of industry standards and promote the advancement of industry technology, making important contributions to the development of the entire automotive paint industry.

Looking back on the past, we are deeply proud; looking forward to the future, we are full of confidence. We will continue to uphold the business philosophy of "quality first, innovation driven, customer first", constantly improve our own strength, provide customers with better products and services, and create more brilliance for the development of the automotive paint industry!
