Product Description

This Premium 1K Matte Green Pearl Acrylic Car Paint, designed specifically for the Mercedes Benz DB269 model, combines professional performance with precise color technology, providing excellent solutions for high-end car maintenance and personalized modification.

Core features:

Professional Materials and Craftsmanship: Adopting a 1K single component acrylic formula, it achieves rapid drying and excellent adhesion, simplifies the construction process while ensuring long-lasting and firm coating, and adapts to the efficient operation needs of professional spray painting workshops.

Luxurious visual texture: The dark green pearl pigment presents a low-key and deep color hierarchy through precise proportioning, exhibiting a unique matte luster and subtle reflective effect under different lighting conditions, perfectly restoring the unique design language of Mercedes Benz DB269 original car paint.

Original factory level color matching: After strict color calibration and testing, it ensures seamless integration with the original paint of Mercedes Benz DB269, meeting the strict requirements for color consistency in high-end maintenance, accident repair, and personalized modification.

Durable and long-lasting protection: The coating has excellent resistance to ultraviolet rays, scratches, and environmental erosion, maintaining color stability and surface gloss for a long time, effectively resisting daily wear and tear such as acid rain and bird droppings.

Manufacture introduction

Meklon is a direct-manufacturing factory specializing in automotive repair materials, leveraging 20 years of industry expertise. Our 3,000 facility houses internationally advanced production lines and an in-house R&D team, enabling end-to-end control from raw material procurement to finished product delivery. Certified by ISO 9001 (quality management) and ISO 14001 (environmental management), we guarantee factory-direct quality assurance with eco-friendly production processes. Our vertically integrated supply chain, rigorous raw material screening, and standardized quality inspection system ensure consistent supply of high-performance products at competitive prices.

Manufacturer

We warmly invite distributors, wholesalers, and automotive aftermarket partners worldwide to join our growing network. By partnering with Meklon, you gain access to:

Factory-direct pricing:with guaranteed margins

OEM/ODM customization support:for brand development

Marketing & technical training:for business growth

Let's collaborate to deliver premium automotive repair solutions to global customers. Contact our international sales team today to explore partnership opportunities.
