Product Description

Explore the ultimate automotive coating solution with our Factory Direct Wholesale 1K light grey silver acrylic car paint, specifically designed for the Honda NH552M. This high-performance coating combines cutting-edge 1K acrylic technology with a complex light gray silver finish, providing a flawless and durable coating that enhances the aesthetics and lifespan of vehicles.

Key Features

Factory direct wholesale supply - eliminating intermediary costs through our streamlined supply chain, providing competitive pricing for bulk purchases, while ensuring consistent product quality and reliable delivery schedules.

1K acrylic coating system - achieves professional grade effects through rapid drying (30% faster than traditional 2K systems), high adhesion, and shortest preparation time, perfectly meeting the global demand for "1K coatings" and "fast drying coatings".

Light grey silver acrylic topcoat - designed with advanced pearl pigments, it produces a delicate and modern appearance under different lighting conditions, subtly changing to meet the increasing popularity of "metallic paint" and "grey silver paint" searches.

Environmentally friendly water-based formula - with low VOC emissions and sustainable chemical properties, complying with global environmental regulations, while providing excellent durability - is a key advantage for buyers looking for "water-based coatings" and "environmentally friendly automotive coatings".

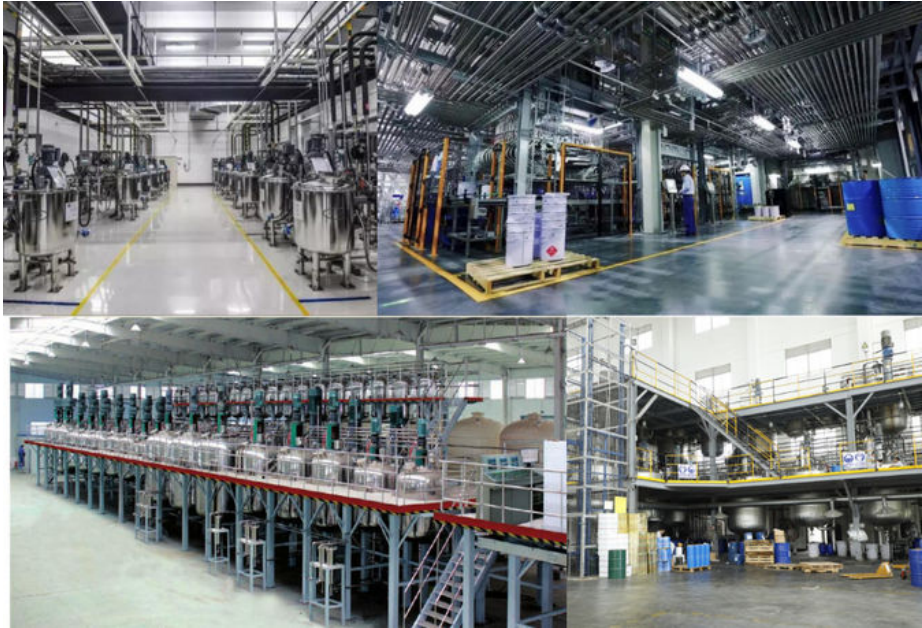

Excellent durability - resistant to UV fading, acid rain corrosion, slight scratches, and extreme temperatures, ensuring long-lasting protection and color retention - is perfect for customers seeking "durable car paint" and "UV resistant paint".

Toner	Gram
112	26.69
311 Young Blue Pearl	22.82
104 Tong Hei(Grey silver)	41.25
119 Purple	2.84
131 Rose red	4.8
102 Extra White	0.35
321 Ultra fina white pearl	1.25
Total	100

Manufacture introduction

Meklon is a direct-manufacturing factory specializing in automotive repair materials, leveraging 20 years of industry expertise. Our 3,000 facility houses internationally advanced production lines and an in-house R&D team, enabling end-to-end control from raw material procurement to finished product delivery. Certified by ISO 9001 (quality management) and ISO 14001 (environmental management), we guarantee factory-direct quality assurance with eco-friendly production processes. Our vertically integrated supply chain, rigorous raw material screening, and standardized quality inspection system ensure

consistent supply of high-performance products at competitive prices.

Why choose our factory wholesale solution?

Cost effective batch pricing - reducing unit costs for large orders and maximizing profit margins for distributors and body workshops.

Professional quality - compliant with OEM standards, capable of achieving flawless repair and restoration.

Sustainable choices - reducing environmental impact without compromising performance.

Universal compatibility - suitable for professional car repair shops, dealers, and DIY enthusiasts.
