Product Description

Meklon Car Paint is a low strength intermix system, boasting a comprehensive suite of tinting options and a robust mixing system.

1.Extensive Formula Database

Over 150,000 formulations available for diverse applications.

2.Comprehensive OEM Color Collection

8,000+ shades covering European, American, Korean, and Japanese car models.

3.Advanced Color Retrieval Tools

Spectrophotometers, mixing machines, color chips, Tinting Chart, and technical data sheets for efficient formula matching.

4.Marketing Support Materials

Branded promotional items (T-shirts, caps, posters) to enhance brand visibility.

1K Solid Color Basecoat

- Extra quick drying and high-quality finish.
- Superior inter-coat adhesion reduces the possibility of mottling or unevenness in the finish.
- Good covering power and leveling.
- Complete color coverage range with outstanding color accuracy.

1K Metallic Color Basecoat

- Designed specifically to withstand the harsh outdoor environment.
- Unsurpassed scratch and stain resistance.
- Outstanding metal control while preventing discoloration of the clear coat.
- Incredibly vivid color with durable high gloss.

1K Pearl Color Basecoat

- Extremely bright and intense pearlescent effects.
- Superior covering power, quick dry times with attractive pearl layout.
- Varied color cover full range with high color saturation.
- Unique depth and stereo perception with durable, colorful appearance.

2K Color Tinters

- Excellent protective and covering power with long-lasting, bright color.
- Outstanding mechanical and chemical resistance.
- Tough and durable film provides strong anti-UV Stability and gloss retention.
- Splendid and durable color performance.
