Product Description

Manufacture Introduction

Meklon is a manufacturer of automotive repair materials with 20 years of industry experience. The factory covers an area of 3,000 square meters and is equipped with internationally advanced production equipment and a professional R&D team. It has passed ISO 9001 quality management system certification, ISO 14001 environmental management system certification and many other authoritative certifications to ensure stable and reliable product quality and green and environmentally friendly production processes. At the same time, we have established a complete supply chain management system, strictly controlled the procurement of raw materials and production processes, and have mature production processes and strict quality inspection standards, which can provide customers with efficient and stable product supply.

Why Choose Our Factory-Wholesale Solution?

Cost-Effective Bulk Pricing – Lower per-unit costs for high-volume orders, maximizing profit margins for distributors and body shops.

Professional-Grade Quality– Meets OEM standards for flawless repairs and restorations.

Sustainable Choice– Reduced environmental impact without compromising performance.

Universal Compatibility– Suitable for professional body shops, dealerships, and DIY enthusiasts.
