Product Description

Production Introduction

Product Position: Popular high-gloss crystal red car paint, which has both bright luster and strong weather resistance (anti-ultraviolet/rain/anti-yellowing).

Core Characteristics: High-gloss crystal texture: The paint surface shines like crystal, enhancing the visual impact of the car.

Super Weather Resistance: Added with UV stabilizer, it is not easy to fade, crack or yellow under long-term exposure to sun/rain. It is suitable for the Middle East, Africa and other sunny areas ...

High adhesion: Suitable for a variety of substrates, the paint film is firm and not easy to peel off.

Pleasure and durability: Fast drying speed, reducing application waiting time, and keeping it as bright as new for long-term use.

Applicable scenarios: The exterior of the whole model is painted, partially repaired, and high-end customized modification.
