

Weather Resistant And UV Resistant Orange Red Car Repair Paint

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: Meishilianke
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Application humidity: Less Than 85%
- Scratch Resistance: High
- Weather Resistance: Yes
- Color Options: Multiple
- Compatibility: Can Be Used With Clear Coat
- Formula: Meklon color mix
- Suitable Surfaces: Metal, Plastic, Fiberglass
- Product: Ready Mixed Paint
- Chip Resistant: Yes
- Drying Time: Quick
- Top Coat Required: Yes
- Recoat Time: 24 Hours
- Indoor/outdoor: Indoor/Outdoor
- UV Resistant: Yes

Product Description

Product Description:

The varnish products from Meklon automotive paint provide a variety of advantages and effects, especially in the following areas:

Meklon vehicle paint varnish solutions successfully protect the surface of the car from environmental risks such as UV radiation, acid rain, oxidation, and corrosion, extending the paint's life and reducing wear and scratches on the surface.

Enhancement of Gloss: The varnish product has a high gloss, which can reflect more light and color, making the surface of the car more brilliant, and enhancing the appearance quality and value of the vehicle.

Enhance durability: The varnish products of Meklon automotive paint have excellent durability, and they can keep the car paint's original color and gloss in harsh environments, lessen wear and scratches on the surface of the car, and enhance the car's ability to resist oxidation and corrosion.

Preventing wear and scratches on the surface of the car, preserving the paint, and extending the service life and value of the vehicle are all possible benefits of this varnish solution. As a result, maintenance expenses and frequency are reduced.

Improve driving experience: Meklon's automotive paint varnish solutions provide good coating and color matching capabilities that can be customized to meet the unique needs of each client, improving both their satisfaction and driving experience.

Sustainability and environmental friendliness: The varnish product employs a low-volatile organic compound (VOC) composition that conforms with standards and guidelines for environmental protection while also lowering emissions and waste creation.

In conclusion, Meklon Automotive Paint's varnish products can offer complete protection and coating solutions for automakers and car owners, with the goals of preserving paint, enhancing gloss, enhancing durability, lowering maintenance costs, enhancing driving enjoyment, and protecting the environment. It is a reputable brand with many lasting effects and advantages.
