

High gloss UV resistant high gloss dark red car spray paint

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: Ferrari
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Car Brand: Ferrari
- Top Coat Required: Yes
- Coverage: Varies By Product
- Port: Nansha
- Product Usage: Exterior Car Cleaning
- Curing Time: Varies By Product
- Application Method: Spray
- Scratch Resistant: Yes
- Recoat Time: 24 Hours
- Usage: Car Paint, Plastic Coating

Product Description

Comparison of Meklon's Three Brands in Dark Red

Brand	Core advantages of dark red paint	Performance Highlights
Car Color	<p>A cost-effective and affordable choice:</p> <ul style="list-style-type: none"> -The price is 20% -30% lower than the industry average, suitable for car owners or repair shops with limited budgets to purchase in bulk; -Stable basic performance (wear-resistant and weather resistant standards), meeting daily repair needs. 	<ul style="list-style-type: none"> -Good color reproduction (close to the original dark red standard color code), color difference control $\leq \Delta E1.5$; -The 1K/2K system is optional and suitable for different construction conditions (fast drying/high hardness).
Meishianke	<p>Professional grade durable protection:</p> <ul style="list-style-type: none"> -Specially designed for high wear and tear scenarios (such as commercial vehicles and taxis), with outstanding scratch and stone impact resistance; -Weather resistance enhancement, long-term exposure to sunlight/rain is not easy to fade or turn yellow. <p>Professional grade durable protection:</p> <ul style="list-style-type: none"> -Specially designed for high wear and tear scenarios (such as commercial vehicles and taxis), with outstanding scratch and stone impact resistance; -Weather resistance enhancement, long-term exposure to sunlight/rain is not easy to fade or turn yellow. 	<ul style="list-style-type: none"> -The hardness of the 2K system paint film reaches 2H-3H, and the wear resistance level is 30% better than that of ordinary dark red paint; -Add anti UV absorbers, with a 5-year color retention rate of $\geq 90\%$ (ordinary paint only has 70%).
Ferrari	<p>High end texture and original factory restoration:</p> <ul style="list-style-type: none"> -Accurately matching Ferrari's classic dark red series (such as Rosso Corsa track red), with high color saturation and strong metallic texture; -The glossiness of the paint film is $\geq 95GU$, and the mirror effect is comparable to that of a new factory car. 	<ul style="list-style-type: none"> -Adopting high-purity organic red pigment and nanoscale aluminum powder dispersion technology, with rich color layering (metal dark red/pearl dark red optional); -When used with 2K varnish, the gloss durability is increased by 50% and the corrosion resistance is excellent.

Summarize the differences

Car color: focuses on "low price practicality", suitable for customers who are cost sensitive but pursue basic performance;

Meilianke: Focusing on "durable protection" and optimizing for high wear and extreme environmental scenarios;

Ferrari: Emphasizing "high-end restoration", specializing in original color matching and ultimate texture of luxury car series.
